

# INSTANT REMOTE WORKPLACE

## glueckkanja-gab AG

glueckkanja-gab AG is the merger of the two companies Glück & Kanja and GAB to form a Cloud Managed Service Provider. Both companies have been among the leading IT consulting companies and top partners of Microsoft in Germany for over 20 years. We were once again able to occupy top positions in the ISG 2021 study and, with over 10 Gold certifications, can offer all Microsoft cloud technologies with far above-average expertise and experience. With over 250,000 managed clients at many enterprise customers such as DB Schenker, EnBW and Uniper, as well as hundreds of medium-sized customers, glueckkanja-gab is at the top worldwide and also has excellent networks within the Microsoft Corp product groups in Seattle and Israel.

## WHAT WE OFFER

We cover typical business contingency scenarios like

- Users need to work from home
- Users need to work with their own device (BYOD)
- New starting, external and temporary Staff
- Hardware / Data was destroyed
- Data & Apps needs to be accessible remotely

We walk you through the process of gathering the needed data sources (e.g. project data, contacts), recover data where needed and help you with the internal communications so that you can quickly recover from any disaster and continue your business.

Automated deployed in the Cloud:

- Windows 365 Enterprise
- Office365 + depended services
- Advanced Security & Site-to-site VPN with On-premise Datacenter (optionally) to connect e.g. application servers

Your benefits:

- Secure and immediate access to your data
- Independently working from home
- State of the art workplace
- Cloud cost on demand (no upfront costs)
- Project efforts based on your needs

## WHAT OUR CUSTOMERS ARE SAYING

*"Based on your Instant Remote Workplace offer we could enable our employees for remote work within a few days so that we are now fully operational during this pandemic crisis"*
