Microsoft
Solutions Partner

Managing & Supporting Office 365 / Microsoft 365

Well-designed IT infrastructure and properly maintained applications are critical to driving business productivity and growth. Our team has over 30 years of experience in managing and supporting Microsoft products, including Office 365 and Microsoft 365.

Expert services to nurture your Office 365 / Microsoft 365 Ecosystem

Strategic Planning

Our expert Microsoft 365/Office 365 consultants perform a deep review of your existing IT infrastructure to develop a strategic plan for application implementation & optimization for your business.

Licensing Management

Our team can track, manage, & renew your Microsoft 365/Office 365 licenses to ensure your applications remain active without lapse.

Installation & Configuration

We take a client-centric approach to deliver seamless implementation & configuration of Microsoft 365/Office 365 applications to meet your business needs & drive user adoption.

Upgrades & Migrations

We ensure frictionless migration of your emails, contacts, documents, & other essential data to Microsoft 365/Office 365 with minimal downtime. Our team can also upgrade applications to keep them current & enhance security.

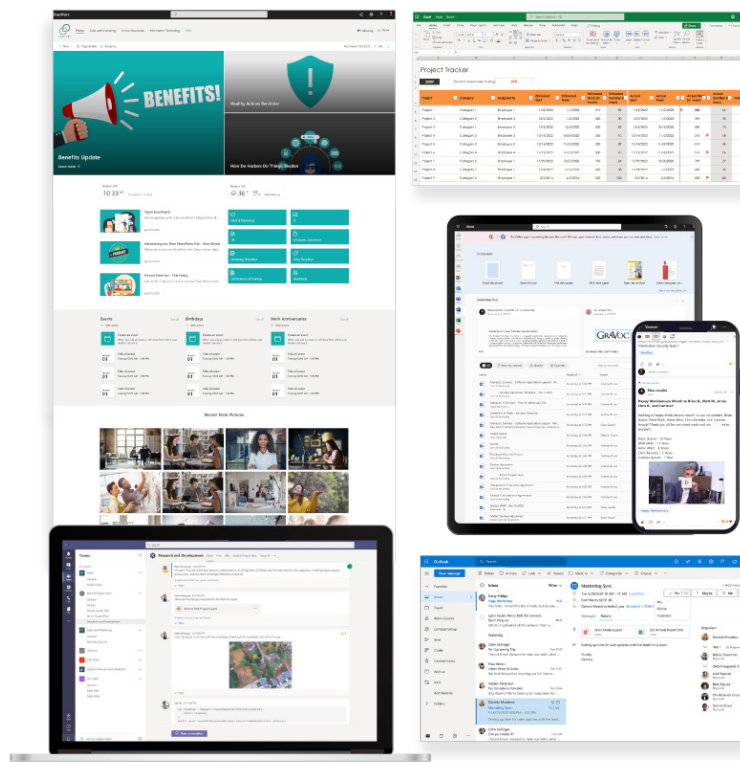

Integrations

Our team is equipped to seamlessly connect your Microsoft 365/Office 365 apps to Microsoft Dynamics or other third-party solutions to give you an integrated tech stack that enhances collaboration, visibility, & productivity.

Customizations & Optimizations

Our team can optimize & brand your Microsoft 365/Office 365 products as well as design custom features that extend the functionality of your applications.

Expert services to nurture your Office 365 / Microsoft 365 Ecosystem

Office 365/Microsoft 365 Products We Support & Manage:

- Exchange
- Excel
- Forms
- OneDrive
- OneNote
- Outlook
- PowerPoint
