DISASTER RECOVERY PLAN

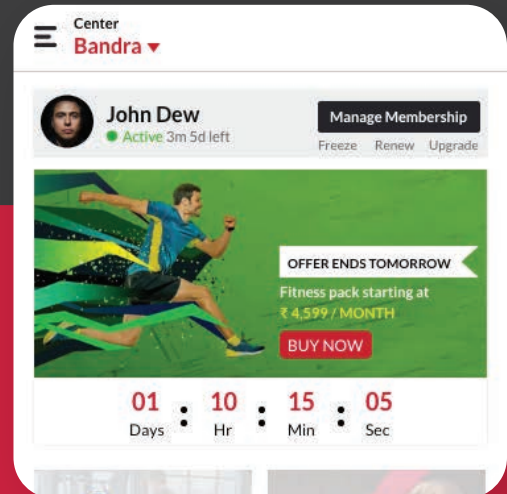

Regular backup to keep your data secure from any cyber threat and ensure restorability.

What's New

Gym membership refund process with workflow

Now streamline your refund process and improve your customer's experience.

Member Portal - Improve your gym visibility and communication

Provide additional value and experience to your gym members with the member portal.

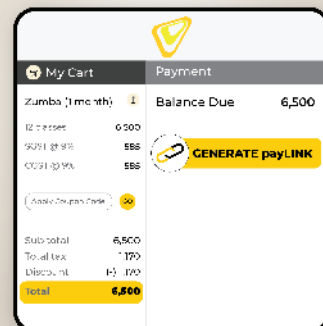

Decremental campaign - Increase your gym memberships

Create an urgency for new membership purchases and renewals.

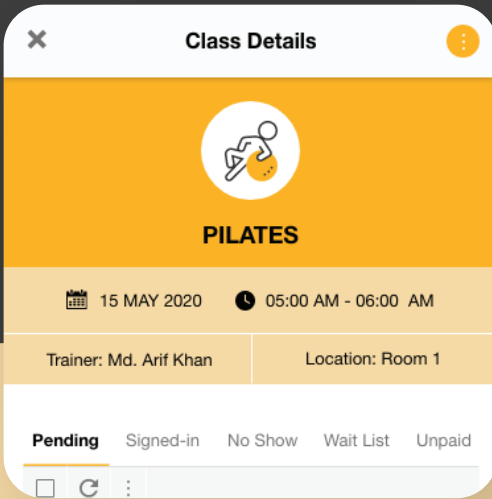

Enable your Gym Members to make seamless payments.

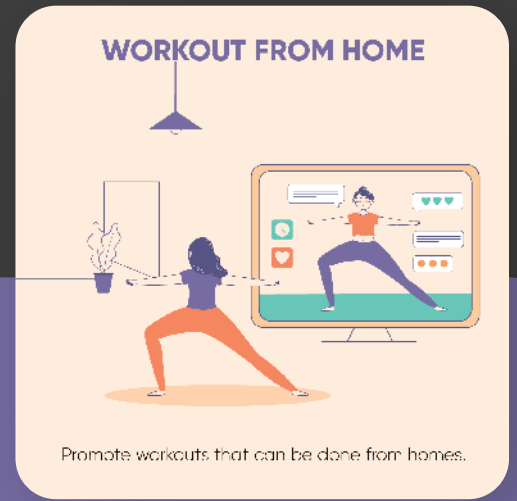

PayLink online payment - close more gym membership sales

Accepting payments from customers is now easier than ever and just a link away.

Offer class booking to your gym members on Mobile App & Member Portal

Offer members the convenience and flexibility to book classes directly through the Mobile App & Mobile Portal.

Promote workouts that can be done from homes.

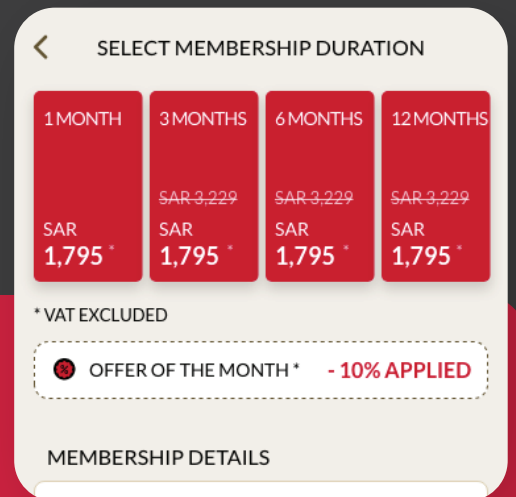

Work out from home - Engage members with workout videos on the member app

You can now record workout videos and have them display on the Member App.

One-Day Pass feature to turn prospects into members

Prospects hesitating to committing to join your gym can avail its facilities for a whole day by purchasing one or multiple One-Day Passes from the Member App.

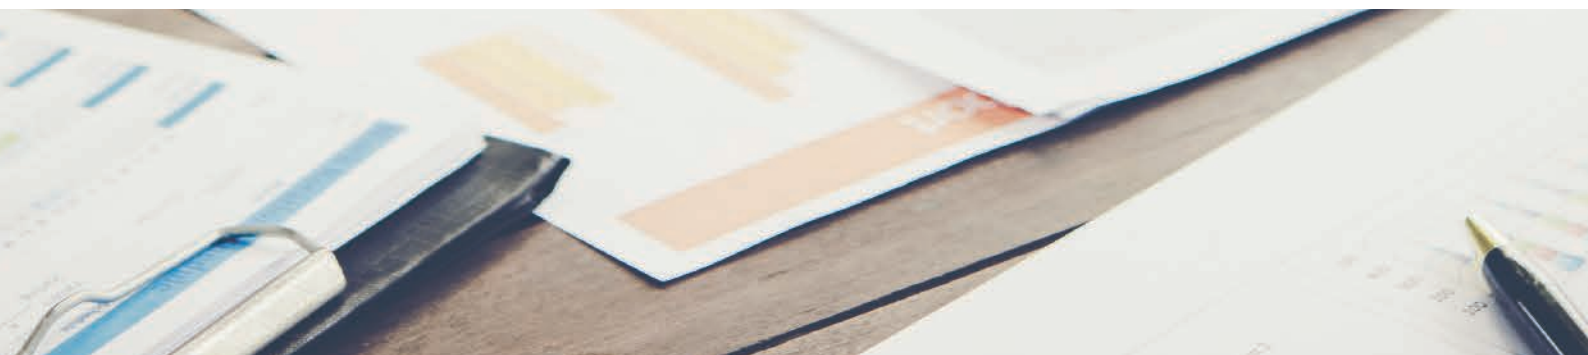

Purchase Portal - Sell gym memberships online with your branded e-commerce portal

Empowers your gym members to buy and renew their membership anytime, from anywhere with a fast and seamless online purchase experience.

Clients

No matter the size, we're the right fit for you.

We want you to get the best results.
Let our experts help you find the right
FitnessForce plan for your team.
