H One (Pvt) Ltd

Digitally transforming ways of work through cloud

We are a team of **Microsoft Cloud experts** dedicated to digitally transforming your organization through our extensive range of digital solutions and diverse service portfolio.

As a **Microsoft Tier-1 Partner**, we serve the largest number of top-tier Microsoft customers in Sri Lanka. We have successfully migrated over 150,000 seats to the cloud, catering to a wide spectrum of clients from medium-sized businesses to large conglomerates.

About Us

Backed by Sri Lanka's premier connectivity provider, Dialog Axiata PLC, H One began its journey in 2008. Since our inception, we have been a leading Microsoft partner in the country for over a decade. Now, with the support of Axiata, we have strengthened our regional presence, expanding our reach across the APAC region.

The secret to our success has always been our people. We are proud to have produced some of the best Microsoft specialists in the region and currently house leading experts in the market. Our numerous successful cloud projects and thousands of customer success stories are a true testament to our unparalleled service delivery and effective digital transformation.

The recognition and competencies we have attained over the years are a clear indication of our commitment to quality and work ethic.

OUR DIGITAL SOLUTIONS AND STRATEGIES

CLOUD SOLUTIONS

Break the traditional barriers of your workplace with a modern workplace that delivers creative, efficient, and responsive solutions.

DIGITAL WORKPLACE

The digital workplace offers innovative technology that employees love, empowering them to communicate, collaborate, and be productive, with agility.

MODERNIZED CONTENT MANAGEMENT

A modern content management strategy can help streamline content development, enhance collaboration, and drive business operations.

MODERNIZED COMMUNICATIONS

With modernized communications, your teams can meet the growing needs of your business across departments, locations, and time zones.

ADOPTION

Invest time in improving your cloud productivity, thus enhancing value for your company. Adopting a change management strategy will empower your staff.

LICENSING

"De-mystifying licensing" – we advise our customers on identifying the appropriate licensing model to meet their specific requirements and cash flow, thereby adding value and security to their operations.

We are not just a licensing seller; the team at H One will support you throughout your journey with comprehensive Licensing Advisory services. These include Digital Asset Reviews, compliance guides, procurement assistance, and more, helping you optimize the use of the licenses you purchase.

BUSINESS APPLICATIONS & ANALYTICS

Dashboards, process drivers and quick insights to drive your business to the next level.

Power Apps
Building business capabilities with quick apps, laying off the burden of time consumption, and increasing efficiency
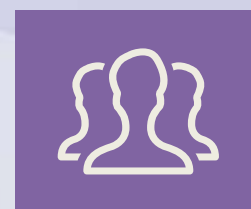

Power BI
Visualize your organizations key drivers, at your fingertips

Power Automate
Boost productivity quickly and securely, automate with intelligent workflows and turn outdated into automated

ChatBots
Enhance accessibility with software applications to conduct an on-line chat conversation via text or text-to-speech
