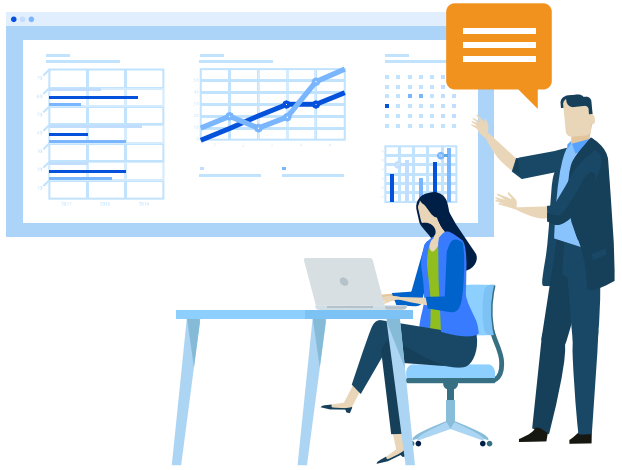
Change how your people feel about technology…

Creating your **inclusive** workplace

Create **Awareness** of what being an inclusive workplace means & how it can benefit your organisation



Gain sponsorship from key areas in the business who can help the project team lead with **Accessibility**

Get ready for sustainable change with new skills and digital confidence when using the free **Microsoft** tools

How would we do it?

Step 1

Train the core project team on Change Management and Microsoft Accessibility tools

Step 2

Brief and train the Exec team on the importance of inclusivity to secure senior sponsorship

Step 3

Train the HR and IT Teams on the Accessibility tools within Microsoft 365

Step 4

Internal comms campaign to raise awareness about your inclusive workplace

“An inclusive workplace helps you attract talent, increase productivity and power innovation...”
