

HAFN IT MANAGED WORKPLACE - WORKING SAFELY EVERYWHERE

HAFN IT SOLUTION - MANAGED WORKPLACE

With the HAFN IT Solution - Managed Workplace, your employees work anywhere in the world just as efficiently and securely as they do in the office. With our Managed Workplace Service, we manage the entire lifecycle of all devices, whether Windows, macOS, iOS or Android. We also help you make the deployment of the devices as easy as possible.

STANDARDIZED AND AUTOMATED WITH HAFN IT TO THE CLOUD

We will help you integrate your existing configurations into the automated process and will be happy to advise you on the new possibilities of Microsoft 365.

We manage all devices for you and provide you with a standard set of security profiles. We take over the complete lifecycle management on the basis of our 5 pillars.

With our community management, we support when implementing the Microsoft 365 tools.

On request, we'll bring your Windows desktops to Microsoft Azure and help you work in Microsoft Windows. We also deploy scalable Windows 10 desktops to the cloud.

THE 5 PILLARS OF OUR MANAGED SERVICE

- 1. Governance:** HAFN IT Managed Services are designed to optimally support your specific business structures and business goals.
- 2. Security:** HAFN IT Managed Services provide you with the highest possible security of all operated systems and cloud services.
- 3. Compliance:** HAFN IT Managed Services help you meet legal and regulatory requirements as well as self-set standards.
- 4. Cost:** HAFN IT Managed Services keep an eye on your cloud costs and always strive for the solution with the best price-performance ratio for you.
- 5. Change:** HAFN Managed Services keep track, are up to date with all new features in the Microsoft Cosmos and give you concrete recommendations.

YOUR ADVANTAGES

ADMINISTRATION

We manage all your company's devices with Microsoft 365, providing device deployment and vendor-independent management of all Windows, macOS, iOS, or Android devices. The device on- and off-boarding is fully automated. In addition, we also secure the use of your content on private devices.

SECURITY

With the HAFN IT Solution - Managed Workplace, we deliver a consistent level of security, regardless of where you work. The zero-trust approach is at the heart of this. Hardly noticeable for your employees, all content, files and links are scanned for harmful content. Protect your business content regardless of the device you're using.

AUTOMATION

Applications such as Apple Device Enrollment Program or Windows Autopilot connect devices you purchase directly to your mobile device management. We help you set up these services so that you can hand over the fully operational device directly to your new employee.

STANDARDS

With the HAFN IT Solution - Managed Workplace, you get proven standards for security and compliance guidelines for all end devices.

When can we open the gate to the cloud for you?
