ABOUT HALZA

A group of people are socializing at an outdoor event during sunset. The scene is bathed in warm, golden light. In the foreground, a woman with long dark hair is smiling and looking towards the right. She is wearing a dark top and a watch. To her right, a man with a beard and sunglasses hanging from his shirt is looking towards the camera. He is holding a glass of wine. In the background, other people are visible, some holding drinks. The overall atmosphere is relaxed and social.

A BRAND FOR PEOPLE **FIRST**

Mums responsible for their family's health records, doctors diagnosing twenty people a day, patients in the midst of a medical nightmare, students who are leaving the comfort of their parents home for the first time... these are the people we have designed for.

We're in service of simplifying their medical records and empowering them with this knowledge so they can feel secure, and in control, and we do this with **empathy, respect and decency.**

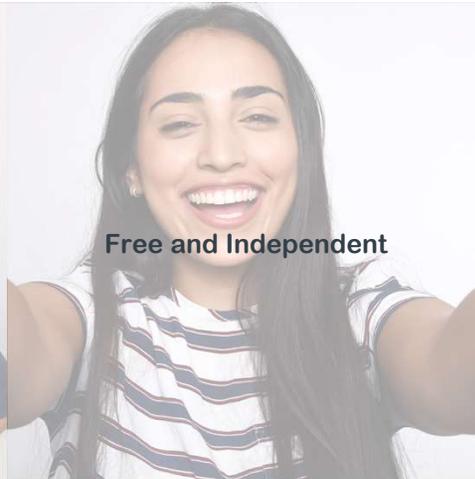

People we meet day to day

DESKTOP FUNCTIONS

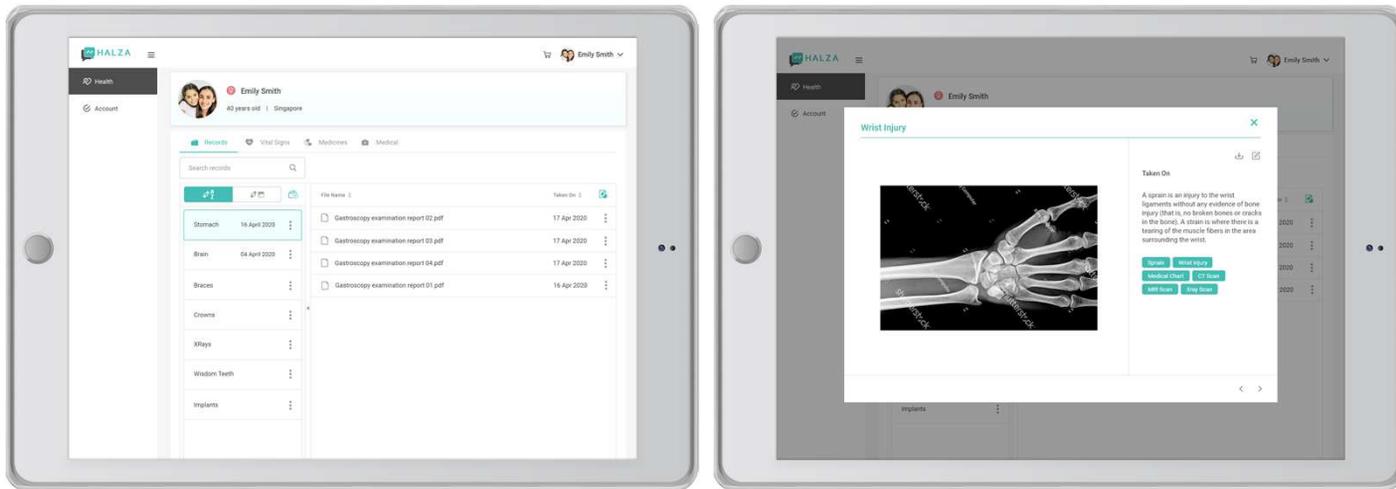

DESKTOP FUNCTION

myHalza

myHalza is different for different people. Doctors can do what is suggested, so can nurses. Clinic admin can going forward manage the clinic's profile. Users can use myHalza too. Right now, what they can do on myHalza, they can also do on the app, but some things might be easier to do on the myHalza like uploading hard copy of medical records

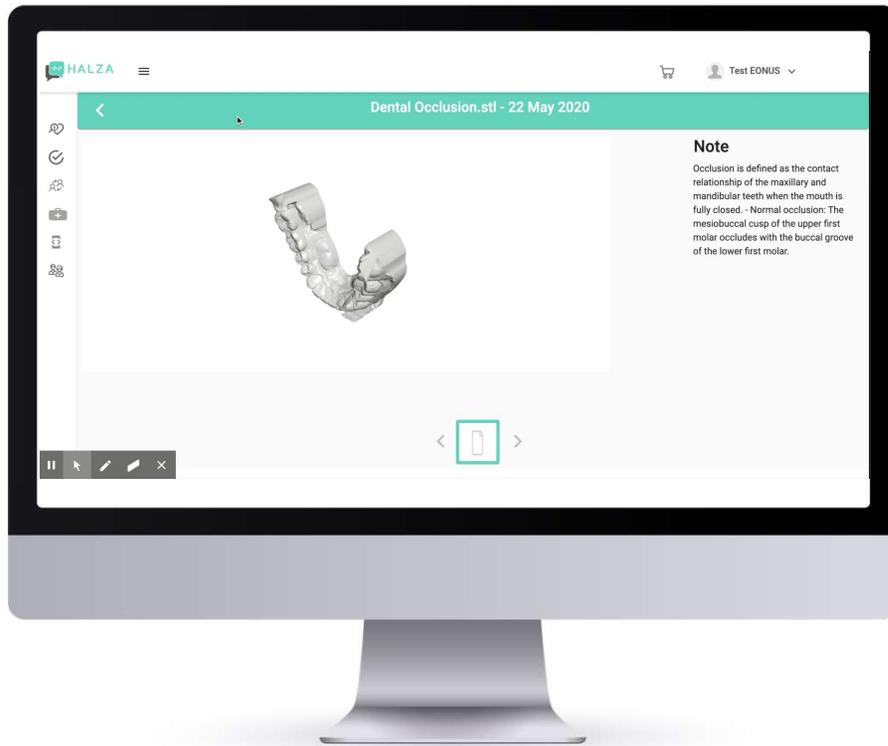

DESKTOP FUNCTION

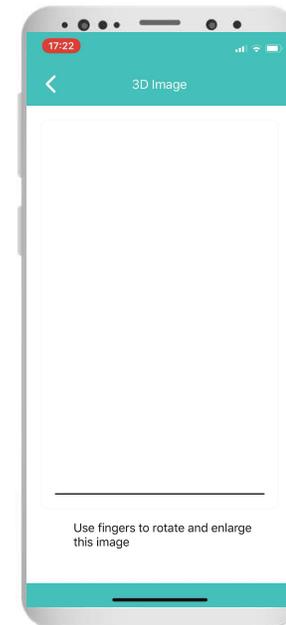

A one stop web portal for all. Doctors can view their patient's files, and patients can access their personal profiles. Clinic admin can manage their clinic's profile.

Built in Imaging and 3D file viewer

SECURITY & PRIVACY

Security & Privacy

How does Halza keep your medical records secure?

Halza recognizes that our clients expect utmost privacy in storage of personal health data. We, therefore, have implemented strict data privacy policies to comply with not only the wishes of our clients, but also the various data protection laws such around the world, including HIPAA, GDPR, PDPA & 64bit SSL.

Confidentiality, integrity, and security are at the heart of Halza. For this fundamental reason, Halza does not sell or share data of the subscribers to any third party.
