

INVESTMENT COMPANION

Your **AI Partner** for
Smarter Investing

A comprehensive investor relations knowledge management system that extracts, processes, and prioritizes content from multiple sources, providing interactive, multimedia-rich responses via a chat interface with an integrated feedback.

Empowering Investor Relations

Streamlines access to all investor materials, including PDFs, videos, and images.

Enhancing Investor Experience

Allows investors to retrieve relevant information quickly using a chat interface.

Real-Time Data Interaction

Investors can ask questions about quarterly reports, financial highlights, and capital projects.

Seamless Document Management

Detects duplicates and prioritizes based on relevance and recency.

User-Centric Feedback

Empowers users to rate responses and provide feedback for continuous improvement.

Comprehensive Data Processing

Extracts and processes content from PDFs, images, and media using OCR and parsing for complete information capture.

Vector Database

Enables fast, efficient retrieval of processed data for quick query responses.

Interactive Chat Interface

Allows investors to ask questions in natural language, maintaining context with chat history.

Duplicate Removal & Prioritization

Removes duplicates and prioritizes the most recent, relevant content.

Multimedia Responses

Enhances engagement with images, videos, and graphs.

Feedback Mechanism

Users rate responses (5-star system with weighted scoring) and provide detailed feedback for continuous improvement.
