Business Central Assessment

In a one hour free consultation session we will determine if Business Central is a possible fit for your organization

In one hour or less we'll determine if Microsoft Dynamics 365 Business Central is the right ERP software for your business.

Agenda

- Identifying processes within your organization

- Identification of your goals

- Discussion of your current pains and challenges

Deliverables

- Identify fit with standard Business Central functionality

- Identify which extensions would provide value

- A cost estimate for the licenses and implementation

HB Software is a Microsoft Dynamics 365 Business Central implementation partner. For over 30 years we have been implementing and supporting Business Central (and Navision) at many organizations across the Netherlands, Belgium and the UK. We have specialized in three verticals:

- Construction Supply

- Real Estate Development

- Wholesale
