health**cloud**

Easily collect, analyse, and utilise connected device,
health records and health system data

Healthcare data from **EVERYWHERE**

Our data platform provides healthcare applications
and systems with a **complete and unified view** of a
consumer's health and wellness.

A UNIVERSE OF DATA

CONNECTED SOLUTIONS

Hundreds of devices, thousands of applications. **WHAT TO DO?**

We deliver **all the data** you need to:
• improve health
• mitigate risk
• streamline costs
• better engage your population

A single connection to
HealthCloud makes it possible
to connect and exchange patient
data simply and securely.

A UNIVERSE OF HEALTH DATA. CONSOLIDATED.
We collect, so you can connect.
