

Introducing Heidi. Your care partner.

Clinicians spend 2+hrs on notes every day

Doctors staring at screens instead of patients. Rushed appointments. Healthcare becoming less human.

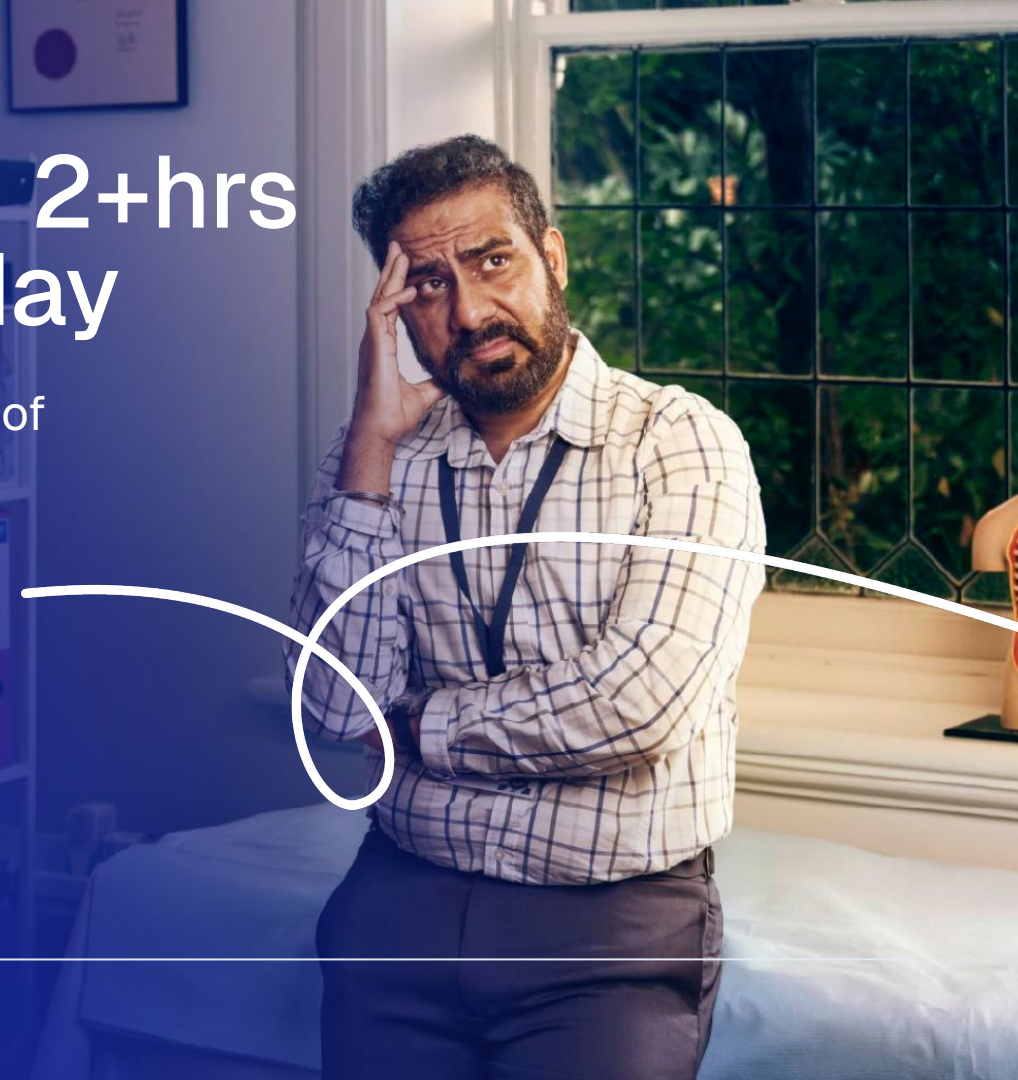

73%

of physicians
experience burnout

#1

Documentation is the
top driver of burnout

Introducing Heidi

The care partner that adapts to how you practice

Heidi adapts to **your voice**,
terminology, and **preferences**, to
deliver documentation that **sounds**
like you wrote it.
