

Advisory Services

Build confidently for the future, guided by experts

Get expertise, strategic direction, and practical support navigating the complexities of location technology. Work collaboratively with HERE advisors who will help you identify your unique business challenges, optimize your IT investments, and provide best-practice guidance for successful location solution implementation that drive innovation.

Benefits

- Innovate faster leveraging broad multi-industry knowledge and best practices.
- Design location-based applications with confidence, even if you are new to geospatial technology.
- Incorporate location technology into your business applications with ease.
- Get more value from your location solution from day one.

Solutioning Workshop

Collaborate with our Professional Services experts to solve your specific business or technical challenges. Get tailored guidance on implementation, architecture, data or service migration, and more – plus sample code, joint code reviews, and actionable recommendations.

Health Check

Evaluate your current implementation to identify areas of improvement in performance, stability, availability and cost-efficiency. Maximize the value of your existing location solutions with the latest technology and industry standards.

Consulting Block

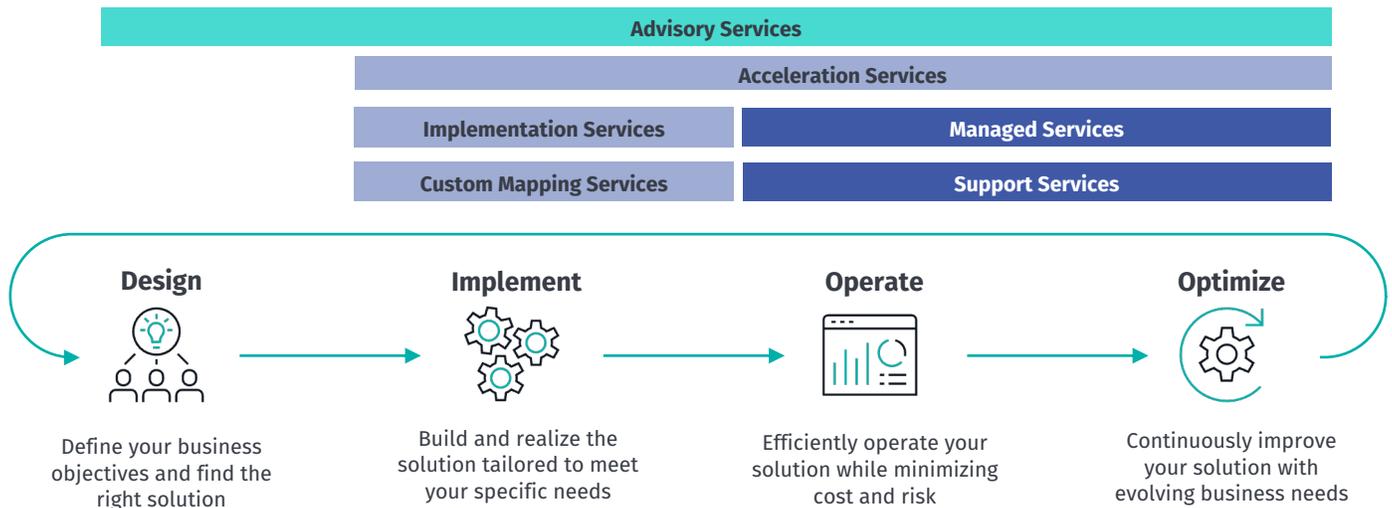

Access dedicated expert support on a wide range of topics from implementation strategy, technical advisory, and data management. Keep HERE specialists on retainer to guide you through your journey.

What our customers achieve with Advisory Services

A leading engineering services organization developed technical improvements to their Flutter SDK turn-by-turn navigation application through a Professional Services health check. This strategy improved functionality and increased the user experience for their application.

A transportation infrastructure company developed a data monetization strategy for their transportation datasets through a Professional Services solutioning workshop. This initiative enabled new use cases and supported their long-term growth plans.

Expert guidance at every step

Boost innovation and differentiation

Drive co-innovation, spark new ideas and leverage HERE's deep location expertise for your competitive edge.

Design custom solutions

Solve complex location challenges with custom solutions designed for your business.

Develop and deploy faster

Accelerate time to value with seamless integration of HERE's products and location services into your solutions.

Reduce risk and complexity

Minimize implementation risks and identify potential issues earlier, while simplifying your location solutions.

Get peace of mind

Get fast, reliable, and proactive support tailored to your business needs.
