

ANGULARJS NES

Never-Ending Support for AngularJS by  **hero**devs

STAY SECURE ON ANGULARJS WITHOUT MIGRATING

Navigating away from AngularJS presents challenges, especially when striving to maintain core business momentum. With NES AngularJS, keep your legacy projects in motion, devoid of the pressure to shift. With Never-Ending Support for AngularJS, you stay fully supported, fully secured, for as long as you need.

Active Support for Compliance

Browser Compatibility

CVE and Stability Patches

jQuery Compatibility

KEEP SUPPORT FOR THE LIBRARIES YOU DEPEND ON

AngularJS NES Essentials extends support to popular software packages that depend on AngularJS. With an Essentials subscription, patches to AngularJS NES are tested for compatibility with these packages. Vulnerabilities or browser incompatibilities discovered in those packages are patched within 14 days.

Angular
Material

Angular UI
Bootstrap

Angular UI
Router

Protractor

Angular-translate

And Many More!

This is a **drop in replacement for AngularJS** that is going to **be continually updated with security patches and it only takes 5 minutes to switch to our version**

THE COST OF INACTION
