

VUE 2 NES

Never-Ending Support for Vue 2 by  **herodevs**

KEEP SUPPORT FOR THE LIBRARIES YOU DEPEND ON

Vue 2 NES Essentials extends support to popular software packages that depend on Vue 2. With an Essentials subscription, patches to Vue 2 NES are tested for compatibility with these packages.

Nuxt v2

BootstrapVue 2

Vuex

Vue Router

Vuetify 2

MAINTAIN COMPATIBILITY

CORE CONTRIBUTORS

To ensure the highest quality of service for Vue 2 NES, we contract with core contributors and maintainers of Vue.js. These experts write code, review and approve pull requests, help us validate issues, and do general consulting for our Vue NES package.

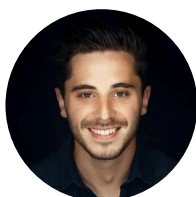

Evan You

Creator of Vue.js
& Vite

**Eduardo San
Martin Morote**

Vue.js Core Team

**Sébastien
Chopin**

CEO at NuxtLabs

This is a **drop in replacement** for **Vue 2** that is going to be **continually updated** with **security patches** and it **only takes 5 minutes** to switch to our version

STAY SECURE ON VUE 2 WITHOUT MIGRATING
