# Hikari SMB Inspire

Hikari's own tailored **Envisioning Workshop**, built for SMBs

## Hikari Inspire

### First Steps:

Schedule 3h call between Hikari and Stakeholders. Think about a sample business pain area in advance for discussion.

### Expectations:

Over 3h Hikari will discuss and map the businesses workflows, seeking to identify pain-point areas where Power Platform could have a high potential impact

### Benefits:

Power Platform **Impact Assessment Report**

- Business Process Flow Map and findings report
- Minimum 1 process map for identified pain point.
- Current State Functional Time-in-Motion map.
- Future State Functional Time-in-Motion map.
- Vision Statement.

### Next Steps:

Either:

- a) go straight to **Hikari Achieve** for identified pain point, or,
- b) move to **Hikari Design**.
