

Dynamics 365 Finance & Supply Chain Roadmap

3 - Week Assessment

CONTACT US today to get started!

Assessment Overview

Hitachi Solutions is helping customers drive operational efficiency, improving decision-making capabilities, and facilitating growth through the adoption of Microsoft's Dynamics 365 for Finance and Supply Chain Management.

Our **3-week engagement** supports your organization to document your current ERP system and business processes to **develop a prioritized list of requirements, a Fit/Gap analysis with recommendations to address, and an implementation roadmap** on how best to approach your transition to Dynamics 365. We will provide clarity on the **potential business impact, cost-benefit insights, ROI**, and how to strategize your organization's migration and adoption.

Our Hitachi Solutions team members have a wealth of experience across diverse industries and have navigated through various business process evolution stages, from legacy systems to modern ERP solutions. With a deep understanding of the challenges, risks, and opportunities inherent in a Dynamics 365 for Finance & Supply Chain Management implementation, our experts are fully prepared to guide your organization's transition journey.

Why Take Action?

Facing hurdles with **legacy systems**? Worried about **limited access to crucial data**? Seeking **cost-effective**, future-ready solutions?

Is your current environment challenged by:

- An outdated, end-of-life ERP system?
- Difficulty in adapting to new business opportunities due to outdated ERP?
- High maintenance and infrastructure costs?
- Inadequate access to master and transactional data?
- Risks and uncertainty associated with ERP migration?
- Absence of a robust disaster recovery plan?

With Hitachi Solutions, harness Dynamics 365 for Finance & Supply Chain Management to improve adaptability, cut costs, empower data-driven decisions, mitigate migration risks, and ensure robust disaster recovery.

Outcomes

With our assessment, you gain **insights, analysis, and recommendations** to effectively **plan your transition** to Dynamics 365 for Finance & Supply Chain Management:

- An overview of the benefits, costs, and impact of ERP migration to Dynamics 365 Finance & Supply Chain Management.
- Detailed backlog of requirements for implementation, or a basis for a Request for Proposal.
- A strategic roadmap and guidance for implementation.
- Resource requirements, effort, and timeline estimates.
- Risk assessment with suggested mitigation strategies.
- Recommendations for successful implementation methodologies.

This empowers you with a clear understanding and a robust plan, readying your organization for a smooth transition to Microsoft Dynamics 365.
