

HORTON CLOUD INTEGRATIONS

MULESOFT

MIGRATION ASSESSEMENT

Migrate from MuleSoft to Azure Integration Services (AIS) seamlessly with our tailored assessment and roadmap, designed to ensure a successful and efficient transition.

PHASE 1

DISCOVERY & PLANNING

Conduct interactive workshops for an understanding of your MuleSoft environment. Analyze MuleSoft applications & workflows.

PHASE 2

ANALYSIS & DESIGN

Perform a comprehensive risk and feature gap analysis. Facilitate key touchpoint workshops to ensure alignment of migration strategies. Develop a future-proof architectural design.

PHASE 3

ROADMAP & PROPOSAL

Finalize a precise solution design. Provide a detailed cost estimate and implementation roadmap. Propose an optimal team structure and comprehensive business proposal.

WHY CHOOSE HORTON?

Horton Cloud brings to the table a highly specialized team, rich with decades of collective experience in both MuleSoft and Azure Integration Services (AIS). Our team comprises not just experts, but pioneers - including certified architects, strategic thinkers, and adept developers.
