PayFlow Agent by HSO: Smarter Vendor Communication Starts Here

Free your finance team from inbox overload with intelligent automation that delivers answers- instantly.

Designed for Finance. Built on Microsoft. Delivered by HSO. Leverage the power of Microsoft Dynamics 365, Copilot Studio, and HSO's proprietary Model Context Protocol (MCP) to streamline vendor inquiries—without disrupting your systems.

Too Many Emails, Not Enough Time

For most finance teams, the inbox has become a bottleneck. Every day brings a flood of vendor emails asking about payment status—simple questions that demand time-consuming manual responses. These repetitive tasks pull your team away from strategic priorities, delay operations, and strain vendor relationships. The result is a cycle of inefficiency that impacts productivity and trust.

PayFlow Agent by HSO

PayFlow Agent by HSO is an intelligent automation solution that takes over the repetitive task of responding to vendor payment inquiries. It works behind the scenes—analyzing incoming emails, retrieving real-time data from Microsoft Dynamics 365 Finance, and sending accurate replies within seconds. No manual effort, no disruption to your existing systems.

With PayFlow Agent by HSO, your team gains:

- Automated email analysis and response
- Secure, real-time access to payment data
- Seamless integration with Dynamics 365 Finance
- A scalable solution that grows with your business

Simple & Seamless: Why It Works

PayFlow Agent by HSO delivers measurable results by automating the most repetitive part of your finance workflow—responding to vendor payment inquiries. It's fast, accurate, and built to scale with your business.

1. It Improves Vendor Relationships

Timely, consistent replies build trust and reduce the need for follow-ups.

2. It Boosts Team Efficiency

Automation clears the inbox and frees your team to focus on strategic work.

3. It Delivers Accuracy at Scale

AI-powered responses reduce manual errors and adapt as your business grows.
