

Getting Started with IBM® watsonx.data for IBM Cloud Pak for Data on Azure Marketplace

After you complete your purchase of IBM watsonx.data for IBM Cloud Pak for Data through Azure Marketplace, IBM will begin processing your order immediately.

To complete your deployment of IBM watsonx.data on Red Hat OpenShift, the following actions are required:

1. Obtain activation keys for IBM watsonx.data for IBM Cloud Pak for Data

You need to obtain the IBM watsonx.data Cartridge activation key by following the prompts provided in the 'Order Processed Successfully' email sent by IBM. The email will contain the link to Passport Advantage Online (PAO) from where you can download your keys and install watsonx Assistant.

2. Obtain entitlement for Red Hat OpenShift

In addition to the IBM watsonx.data Cartridge activation key, you also need to get the Red Hat OpenShift entitlement. Obtain your Red Hat OpenShift entitlement by following the prompts provided in the 'ACTION NEEDED: Your Red Hat Account Update' email sent by IBM.

3. IBM watsonx.data Deployment on Azure Red Hat OpenShift

Please Follow instructions provided in the [deployment guide](#) to configure your software in Azure.
