Welcome

Good Day!

Create

Make use of your knowledge and build up your template library. Create Action Pack Templates, combine them in Flow Templates and publish them.

☰ Action Pack Template

☰ Flow Template

Manage

Select the required template from your knowlege base. Schedule, priotize, assign and launch it. Or just kick-off a quick one-off action pack.

▶ Launcher

⏭ Quick Ap

Collaborate

Get the important things done. Collaborate, share and complete the action pack and trigger the next one. Control the progression.

➤ Action Board

Improve

Analyze the performance of action packs and flows. Get access to the complete process history as well as the documented information. Utilize the learnings with new versions of templates.
