### Icertis Contract Intelligence (ICI) Platform

## The Icertis Portfolio

The Icertis portfolio consists of Experiences, Business Applications, and AI Applications—all built on top of the AI-empowered ICI platform.

- ICI Experiences allow users to access the power of ICI from within connected systems like Office 365 and Salesforce.
- ICI Business applications apply the power of ICI to specific contract challenges including obligations management and sourcing.
- ICI AI applications apply artificial intelligence to solve the most challenging contract management problems.
- The Icertis Contract Intelligence (ICI) platform significantly improves contract management at every stage of the lifecycle, from authoring to performance to expiry.

## The Icertis Difference

Icertis is the only contract intelligence platform companies trust to keep them out in front, now and in the future.

### Bold Vision

With unmatched technology and category-defining innovation, our platform pushes the boundaries of what's possible with CLM.

### Unrivaled Expertise

Our platform enables you to structure and connect contracts and processes to improve your business in ways you never imagined.

### Enduring Commitment

Our unwavering commitment to contract intelligence, grounded in our values, creates the ideal foundation for enduring partnerships.

## Icertis Contract Intelligence (ICI) Platform

### ICI Platform Capabilities

#### Intelligent Contract Setup

Flexibly model complex organizations, global business relationships, and contracting processes to adapt to ever-changing business dynamics. ICI features extremely flexible configuration, with the ability to model any type of agreement relationship, and provides an intuitive, personalized, role-based experience for any type of user.

#### Streamlined Contract Operations

Efficiently manage the complete contracting lifecycle to reduce cycle times, increase negotiation effectiveness, and manage contracts at scale. ICI features flexible, rule-based contract generation and self-service contracting, and intelligent negotiation and seamless contract execution, supported by powerful collaboration tools.

#### Comprehensive Governance & Compliance

Proactively identify, assess and manage all contract risks and ensure the fulfillment of contractual obligations based on proactive insights from ICI's powerful compliance tools. With ICI, you can ensure standardized, rule-based content based on approved templates and contract relationships, while intelligent contract negotiation tracking and dynamic approval workflows guarantee nothing gets approved without the right review.

#### Powerful Reporting & Dashboards

Leverage ICI's powerful advanced analytics and AI-enhanced contract intelligence tools to improve visibility, reduce contract cycle times, improve negotiation outcomes and increase ROI. ICI's highly configurable, role-based dashboard enables you to track key metrics and gain better visibility into your overall business operations.
