

less complex
– more collaboration

Multi-award winning* collaborative digital workspace powered by MF Content Manager compliance and governance platform.

Modern enterprises form and disband teams as quick as there are new projects and programs. Fast and effective collaboration is an essential ingredient in this creative process, without compromising records compliance and information governance principles.

imagine easy.

- ✓ High value for money, fast deployment
- ✓ Users create, use and remove groups on demand
- ✓ Records automatically captured and managed
- ✓ Easily capture and find information
- ✓ Keep it found via tagging and personalisation
- ✓ Fast effective sharing, workflow and collaboration
- ✓ Cloud-ready network friendly web solution
- ✓ Complies to accessibility standard WCAG 2.0 AA
