1. Introduction

ICS for Alt text and long description is an AI-based web - tool that is designed to simplify and optimize the creation of alternative text (alt text) with long description for images, utilizing Generative AI, to enhance Search Engine Optimization (SEO) and document accessibility. Seamlessly integrated into document and publishing workflows, Alt Text Generator offers a streamlined solution for generating descriptive alt text, embedding it into Word and PDF documents, supporting multiple languages, and customizing text for specific target audiences. This software is designed to enhance the accessibility and SEO-friendliness of your documents.

2. How to Use

2.1 Registration Process

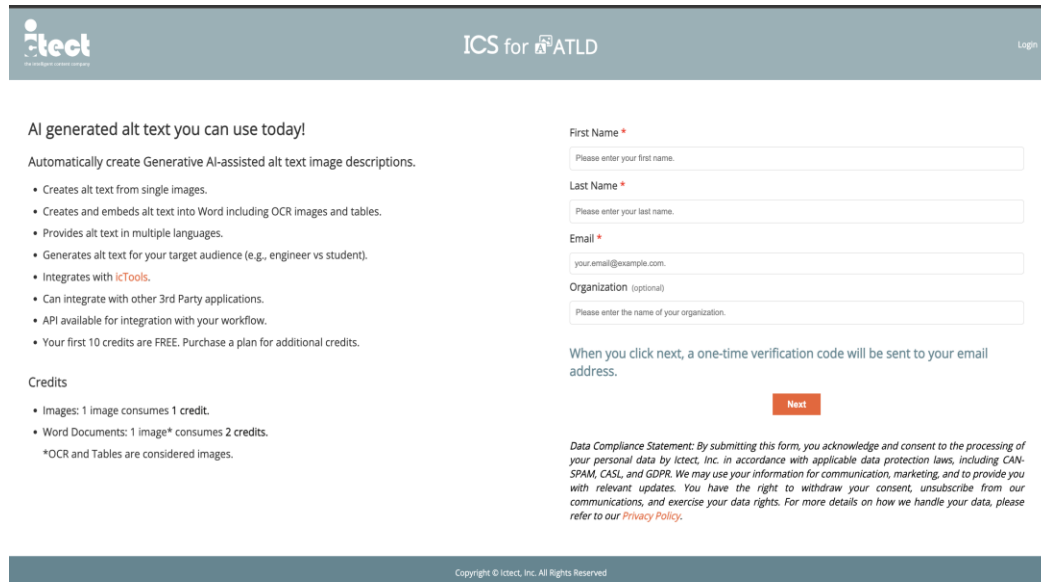

1. Visit the Website: Open your web browser and navigate to the website URL.
Website URL: <https://atld.ictect.com/>
2. On the homepage, locate and click on the "Sign Up Now" button.
3. Redirected to Registration Form: After clicking, you will be redirected to the registration form page.
4. Fill in Required Information: Enter the following details in the registration form:
 - a. First Name (mandatory)
 - b. Last Name(mandatory)
 - c. Email (mandatory)
 - d. Organization (optional)
5. Verify Email: Upon submission, a one-time verification code will be sent to the email address provided. Retrieve the code from your email inbox and enter it in the verification code field on the registration page.
6. Set Password: Once verified, you'll be redirected to a page where you can set your password.
7. Select Subscription Plan: After setting the password, you'll be redirected to the subscription plan page.

8. Choose between monthly or yearly plans, each offering different credit allocations. Optionally, select a free trial.
9. Payment: Proceed to payment using the Amazon Pay payment gateway.
10. Redirect to Login Page: After successful payment/selecting a trial plan, you'll be redirected to the login page.

The login page for ICS for ATLD features a header with the itect logo and the text "ICS for ATLD". The main heading reads "Welcome to the World's Most Configurable Alt Text and Long Description Generator!". Below this is a login form with fields for "Email" (containing "your.email@example.com") and "Password" (with a "Show" link). A "Sign In" button is positioned below the password field. To the left of the button is a "Forgot Password?" link. Below the login form is a "New to ICS for ATLD?" section with a "Sign Up Now" button. A red asterisk note states: "*Free Trial - no payment information required". At the bottom, a "Data Compliance Statement" is provided, followed by a footer containing "Copyright © itect, Inc. All Rights Reserved".

2.2 Uploading an Image

1. **Select Image:** Start by choosing the image you wish to upload.
2. **Fill Placeholder Values:** Upon selecting the image, you will encounter three placeholders:
 - a) **Description:** Provide a meaningful description in this field. The description you provide will be used to generate the alt text with long description for the image. The quality of the alt text is influenced by the description entered here. The better the description, the better the quality of the alt text.
 - b) **Target Audience:** Specify the target audience for whom you want to generate the alt text. You can enter multiple target audiences separated by commas. If no target audience is provided, the alt text with long description will be generated for the "Default" target audience.
 - c) **Target Language:** Specify the target language(s) for the alt text. Enter the language(s) as comma-separated values. The default language for this placeholder is English.
3. **Submit:** After entering relevant values for the placeholders, click the submit button to proceed.
4. **Wait for Processing:** The Alt Text generator will start processing the image. The processing time may vary depending on the size of the image.

5. Credit Processing: Each image processed consumes 1 credit.
6. View Results: Once the processing is complete, you will be redirected to the results page. Here, you can:
 - a) View the uploaded image.
 - b) See the description you provided below the image.
 - c) Access a table displaying the generated alt text with long description for each target audience and target language specified. The alt text for each combination will be displayed under the "Alt Text" column.

The screenshot shows the 'Upload Image' page of the ICS for ATLD application. The page has a dark blue header with the Ictect logo on the left, 'ICS for ATLD' in the center, and 'Home' and 'Logout' links on the right. Below the header is a navigation bar with links for 'Account', 'How To Use', 'Pricing', 'Ictect Solutions', 'FAQ', and 'Create Alt Text'. The 'Create Alt Text' link is highlighted. Below the navigation bar, the page title 'Upload Image' is followed by a red asterisk. The main form contains four sections: 'Choose file' with a 'No file chosen' button, 'Caption/Description (optional)' with a text input field and a placeholder 'Please enter the caption or short description of the image.', 'Target Audience (optional)' with a text input field and a placeholder 'Please enter the target audience type.', and 'Target Language (optional)' with a text input field and a placeholder 'English'. A red 'Submit' button is at the bottom of the form. The footer of the page contains the text 'Copyright © Ictect, Inc. All Rights Reserved'.

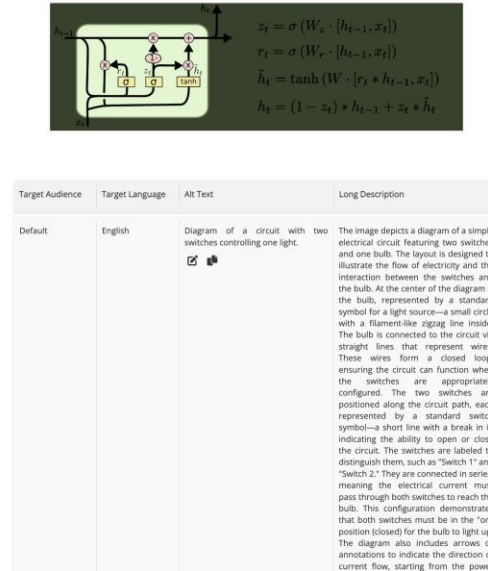

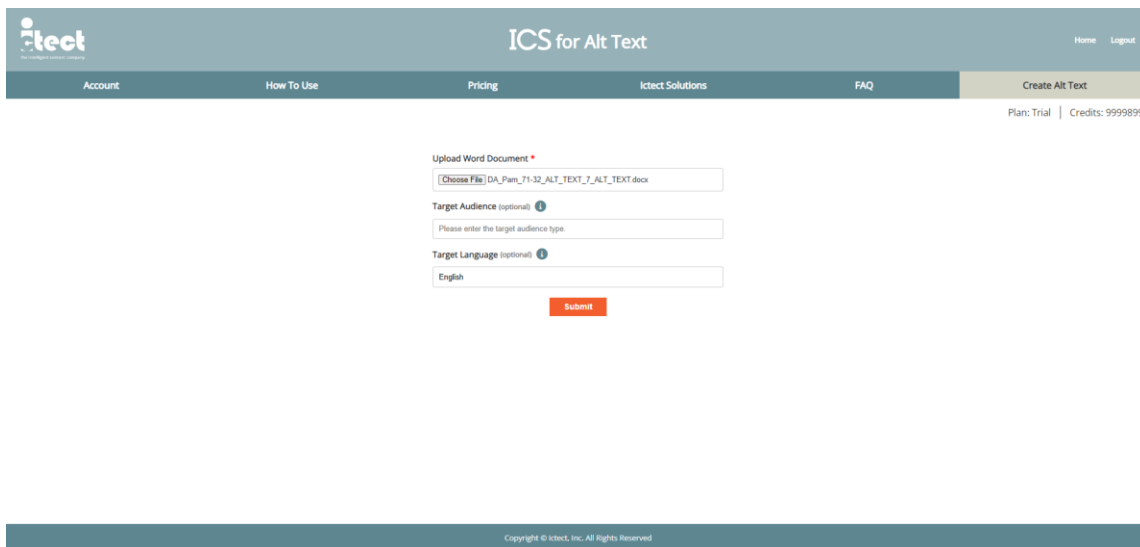

Figure 2.2 Results Page

2.3 Uploading a Document/PDF

1. Select a document: Start by choosing a Docx/PDF you wish to upload.
2. Fill Placeholder Values: Upon selecting the document, you will encounter two placeholders:
 - a) **Target Audience:** Specify the target audience for whom you want to generate the alt text. You can enter multiple target audiences separated by commas. If no target audience is provided, the alt text with long description will be generated for the "Default" target audience.
 - b) **Target Language:** Specify the target language(s) for the alt text. Enter the language(s) as comma-separated values. The default language for this placeholder is English.
3. Submit: After entering relevant values for the placeholders, click the submit button to proceed.
4. Wait for Processing: The Alt Text generator will start processing the document, it will extract out the images and captions from your document automatically. The processing time may vary depending on the size and number of images present in the document.
5. Credit processing: Each image in a docx file consumes 2 credits, whereas for a PDF document, each image consumes 3 credits.

6. View Results: Once the processing is complete, you will be redirected to the results page. Here, you can:
 - a) Navigate the images present in the document using the “Next” and “Previous” buttons.
 - b) View the automatically extracted description (captions) below the images.
 - c) Access a table displaying the generated alt text for each target audience and target language specified along with the existing alt text for each image present in the document. The alt text for each combination will be displayed under the "Alt Text" column and the existing alt text will be present under the “Existing Alt Text” column.
 - d) At this point, ICS for Alt Text allows you to copy, edit and save the fields in the generated as well as the existing alt text column.
 - e) The software also enables you to select the alt text you want to apply to the document by navigating to the preferred image and choosing the relevant alt text for the image. Afterward, you can click on the "Download Document" button to retrieve the updated document with alt text applied to the selected images. The ICS for alt text downloads the document with the prefix "_ALT_TEXT" followed by the actual name of your document.

The screenshot displays the ICS for Alt Text web application interface. At the top, there is a navigation bar with the ictect logo, the title 'ICS for Alt Text', and links for Home, Logout, Account, How To Use, Pricing, Ictect Solutions, FAQ, and a 'Create Alt Text' button. Below the navigation bar, the main content area features a form titled 'Upload Word Document'. The form includes a file selection field with a 'Choose File' button and a file path 'D:_Pam_71-32_ALT_TEXT_7_ALT_TEXT.docx'. Below this, there are two optional fields: 'Target Audience' with a placeholder 'Please enter the target audience type' and 'Target Language' with a dropdown menu set to 'English'. A red 'Submit' button is located at the bottom of the form. At the bottom of the page, a footer bar contains the copyright notice 'Copyright © Ictect, Inc. All Rights Reserved'.

Figure LegendFigure 1: Precision analysis results of (A) Productivity, (B) Social, and (C) Community scales.

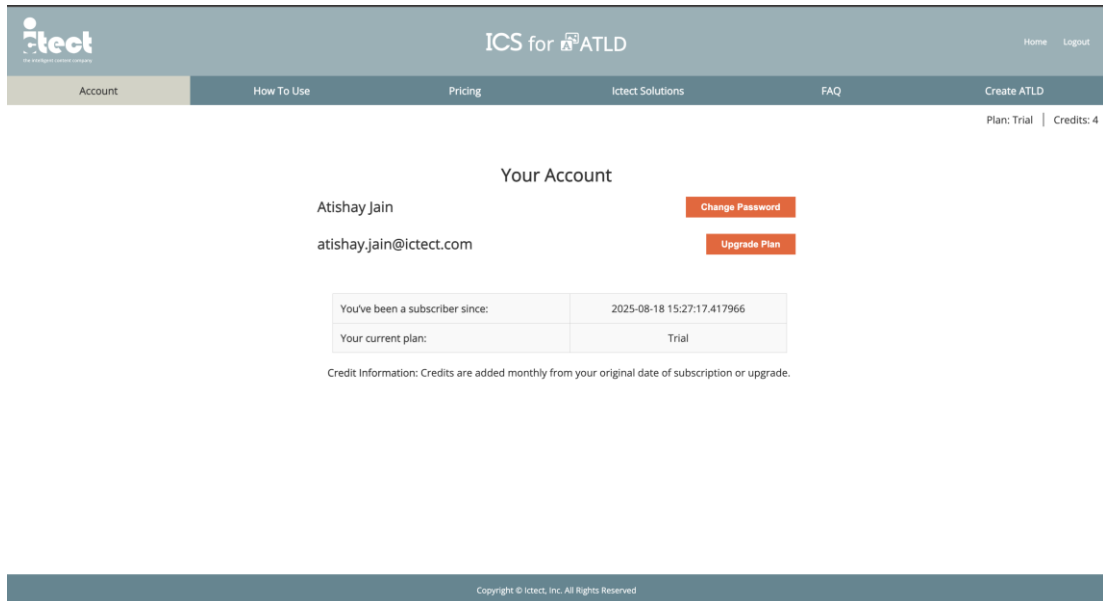

Target Audience	Target Language	Generated Alt Text	Existing Alt Text	Long Description
Default	English	Line graphs showing precision analysis results for Productivity, Social, and Community scales.  Copied!	F:\ICTECT WORK DATA\F Drive\Projects\Aries-MVP\July-2020\INTERNAL-USE-ICTECT\Specifications for Demo\Sample Articles\15-00043_edited_clean\JSCM_1157956.f1.jpg  Copied!	**Long Description for Figure Precision Analysis Results presents the precision analysis results for three distinct scales: (A) Productivity, (B) Social, and (C) Community. The figure is composed of three separate plots, each represented as a line graph. These graphs visually depict the precision metrics associated with the respective scales, allowing for comparative analysis of the performance. In the first plot, labeled (A) Productivity, the line graph illustrates the precision value across varying conditions (parameters). The x-axis represents the specific conditions or input variables being analyzed, while the y-axis denotes the precision score. The line graph may show trends such as increases, decreases, or fluctuations in precision as the conditions change. The second plot, labeled (B) Social, follows a similar

4. Managing Subscription Plans

4.1 Upgrading/Downgrading the subscription plan

- 1) **Login with your registered account:** Start by logging into your account using your registered credentials. This typically involves entering your username/email and password on the login page of the platform or service.
- 2) **Navigate to Pricing:** After logging in, navigate to the pricing or subscription section of the platform accessible through the top navbar.
- 3) **Choose a Desired Plan:** Once you're in the pricing section, review the available subscription plans.
- 4) **Proceed to Checkout:** After selecting your desired plan, proceed to the checkout page. Here, you will be presented with a summary of your current plan details along with the details of the plan you've selected for upgrade or downgrade.
- 5) **Review Plan Details:** On the checkout page, carefully review the details of both your current plan and the plan you're upgrading/downgrading to.

- 6) **Complete Payment:** If you're satisfied with the plan details and terms presented on the checkout page, proceed to make the payment.
- 7) **Confirmation and Plan Update:** After successfully completing the payment, you will receive a confirmation message indicating that your plan has been upgraded or downgraded. Your account will be updated accordingly, and any remaining credits from your previous plan will be rolled over to the new plan.
- 8) **Verify Plan Update:** Finally, verify that your plan has been successfully updated by checking your account profile or dashboard.
