

Customer Success Story

Calamatta Cuschieri is one of Malta's largest financial services firms pioneering the Maltese financial services industry.

Their sterling reputation contributes to Malta's reputation as a financial centre of excellence, while also innovating in the sector across a large range of investment vehicles and services.

ICT is proud to be their strategic partner enabling the migration of their services to the cloud and driving their business growth.

2019 to present

- Financial Services

Win Results

Through a cycle of continuous enablement, Calamatta Cuschieri have been able to deploy their first new product on top of Microsoft Azure. Through a cycle of planning, governance, cost management, operational support, & with the expertise of an experienced partner, Calamatta are able to keep their cloud deployment running without pain or unexpected pitfalls, while also accelerating adoption.

Governance is critical for such a highly regulated industry. The ICT service puts in place a framework to protect sensitive data within Azure in line with Calamatta's regulatory obligations.

Cost optimization is especially critical for the Calamatta team – ensuring their service scales with their user demand, while also offering significant savings over on-premise deployments.
