

ENVISION IFACTO FINANCIALS

Envision iFacto Financials in a one-day workshop to set all pieces in place to **boost your financial administration.**

● DESCRIPTION

In the Envision iFacto Financials-workshop, we will help you envision the functional questions and answers to set up the financial module of Dynamics 365 Business Central and iFacto Financials app.

An iFacto-Expert will provide you with a questionnaire to fill in before the workshop is planned. This information will be the starting point of the workshop to discuss the most important financial business processes in your organization. The iFacto-expert will share experiences of other customers to check which flow will bring most added value to your finance department.

All information gather in this workshop will determine how Dynamics 365 Business Central and iFacto Financials will be set-up in a future implementation.

The result of this workshop is a report of the analysis and recommendations to the finance department of your organization.
