FULL-DAY WORKSHOP UNLOCK PRODUCTIVITY WITH MICROSOFT 365 COPILOT

Join us for an interactive workshop designed to revolutionize your organization's approach to productivity.

Unlock the Power of Microsoft 365 Copilot

This workshop combines expert-led sessions, hands-on activities, and real-world use cases to help your team leverage M365 Copilot effectively. Using the Prosci methodology and Microsoft's change management best practices, you'll create a roadmap for successful deployment and adoption while addressing potential risks.

Key Points

- **Explore Copilot Features**: Learn how M365 Copilot enhances productivity.

- **Streamline Workflows**: Automate tasks and reduce errors with Generative AI.

- **Enhance Collaboration**: Boost team efficiency with intelligent suggestions.

- **Real-World Scenarios**: Practical applications in Word, Excel, Outlook, and more.

- **Security-Focused**: Ensure user privacy, compliance, and data protection.

- **Change Management**: Develop strategies for successful deployment.
