# *Can One help you?*

One is interesting for every organization who wishes to:

- Work freely, apart from place, time and device;
- Collaborate digitally;
- Communicate more efficiently;
- Share, obtain and reuse knowledge;
- Work task-oriented;
- Look for intranet/extranet functionalities combined with Office 365;
- Work with standardized software;
- Predict costs and pay per use.

# Roadmap and Co-creation

- One is continuously improved and extended
- The exact roadmap is determined by customers' wishes, development of Office 365 and vision of ilionx
- Due to co-creation, new functionalities become less expensive
