DevOps

Optimizely Managed Services

Immeo removes the complexity of architecting, hosting and maintaining clients Optimizely solutions with a professional services team consisting of experienced and certified Optimizely architects, developers as well as certified Microsoft Azure architects and cloud operations engineers.

The service is offered to clients in order to ensure a profitable, secure and optimal settlement of their business critical Optimizely solutions and their Azure platform and services.

Immeo offers a range of deployment and Azure infrastructure platform options for Optimizely solutions, customized to suit every specific need.

The deployment options and their associated service levels will be customized in order to deliver optimal platform and application performance.

Strategy → Assessment → Adoption → Management

Management includes:

Cloud Operations Services
- 24/7/365 Monitoring and Support
- Service, Change and Incident Management
- Cloud Platform Management
- DevOps Practice
- Application Performance Management
- Cost Management
- Service Delivery Management

Application Management Services
- Optimizely Development, Support and Maintenance
- Release and Deployment Management

BUSINESS BENEFITS AND OUTCOME

Overall responsibilty
Delegate responsibility of your Optimizely solution – both Microsoft Azure and the Optimizely application.

Skills and capabilities
Overcome the lack of Microsoft Azure skills and Optimizely capability barriers.

Total Cost-of-Ownership
Decrease overall TCO by reducing the cost of development and operations significantly.

Scaling and cost optimization
Scale application on demand using auto-scaling features of Azure and optimize cloud spend.

Performance
Ensure higher application health and service availability.

Agility
Perform daily releases to deliver business value faster with Immeos application driven service approach.
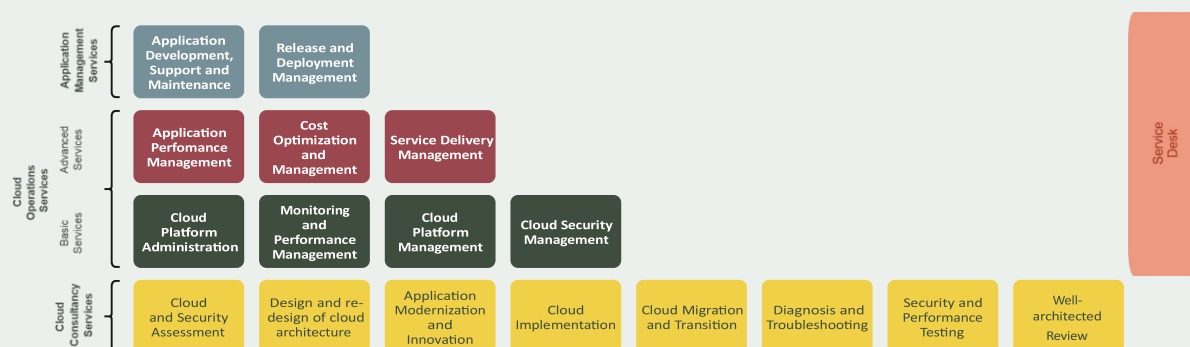

We create digital
solutions that empower
people and business
