Digital Excellence

Organizational onboarding
Platform training & Enablement
Analytics & Insights
Personalization & Automation
Experience optimization

Managed Services

Proactive monitoring
Application Management
Cloud Operations Service & Support (24/7)
DevOps

SITECORE MIGRATION ASSESSMENT

Immeo provides a technical assessment to Sitecore Experience Platform (XP) and Sitecore Experience Commerce (XC) customers. This contains a customer specific technical cloud migration readiness assessment of agreed scope through a series of onsite and virtual workshops along with Q&A sessions with Immeo’s experienced Sitecore and Microsoft Azure architects.

Immeo will review your current state of the Sitecore platform in detail, including your Sitecore licensing, essential integrations, environments and existing setup.

This will form the basis of an assessment report, which will present a recommended Sitecore topology and architecture design for Microsoft Azure, define the technical backlog and recommend a DevOps practice.

Assessment includes:

- Status of your the Sitecore platform
- Review of your Sitecore licensing
- Required Sitecore topology and architecture design for Microsoft Azure
- Recommended DevOps practice
- Overview of challenges and your integrations
- Migration options for platform and environments
- Migration Plan
- Estimated cloud cost for the different Sitecore platform environments
- Presentation of proper cloud operating model for your Sitecore solution on Microsoft Azure.

BUSINESS BENEFITS AND OUTCOME

Insight

Get overview of your current infrastructure and your Sitecore solution and issues, that need to be solved before the migration process.

Skills and capabilities

Gain insight into the technical resources required during the migration process.

Business continuity

Predict the disruptions that will occur during migration and plan for them, in order to minimize the negative impact on the organization.

Cloud and Managed Services Requirements

Understand the requirements to meet in terms of Microsoft Azure services and the tiers of Managed Services you need.

Performance

Get an estimate for your Sitecore migration budget.

Justification

Provide a business case justification for your cloud migration of your Sitecore solution.

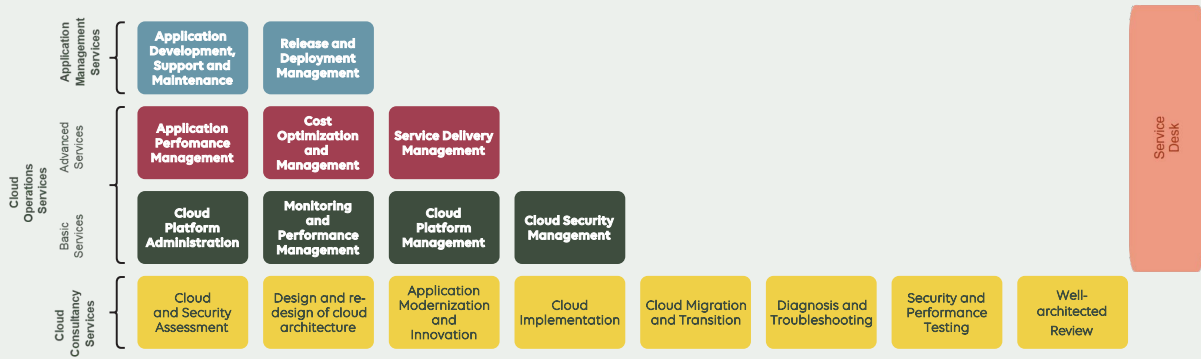

We create digital solutions that empower people and business

IMMEO MANAGED SERVICES

Service offerings overview

CLOUD CONSULTANCY SERVICES

Immeo provides a variety of consultancy services in order to assist the customers, no matter where they are in their cloud journey.

The **Sitecore Migration Assessment** will present migration options for your Sitecore solution and environments, and detail the challenges including your integrations together with the migration paths of hosting and operating your entire Sitecore solution on Azure.

The report will furthermore outline the estimated cloud cost for your Sitecore solution, together with a migration plan containing timeline, onboarding processes and procedures including the level of participation required from you.

The report will finally contain a description of the go-live transition support and recommendation to a cloud operating model regarding managed services for hosting, supporting, maintaining and optimizing your Sitecore platform on Microsoft Azure.
