MODERN EXCEL ANALYST TRAINING: ONE-DAY WORKSHOP

The Microsoft Excel Analyst in a Day workshop demonstrates the advanced capabilities available in Excel, explores how Excel and Power BI are best used together, and shows how to successfully work with them in Microsoft Teams and SharePoint Online.

WHAT YOU WILL REVIEW

- Analytics in Excel
- Mapping analytics in Excel to Power BI
- Comparing Excel and Power BI desktop
- Additional Power BI capabilities
- How Power BI and Excel are better together
- Using Power BI and Microsoft Teams

DELIVERABLES

Upon completion of the training, Impact will provide a certification to all attendees, along with files, reports, and dashboards generated throughout the sessions.
