RevoRetail is a great POS for retail, fashion, size and color, food shops...

revoRETAIL

> **POS or web... makes no difference**
Omnichannel is not just an option anymore; your customer must recognize your brand no matter the channel. RevoRetail is similar to e-commerce, giving the same familiar sensation to your customer and seller.

> **Items information**
All your items information and size and colors. Size and color management made simple for your sellers.

> **Omnichannel sales, your E-Commerce working 24 hours**
Your business cannot stop, e-commerce must be integrated with your shops and ERP to be able to give the best experience to your customers and employees.

> Manage and **analyze** from anywhere, with any device.

RevoRetail Connector integrates RevoRetail with Microsoft Dynamics 365 Business Central

RevoRetail Connector is a sale-based integration, i.e., the integration allows the entire selling and promotion functionality of Revo Solutions (sale documents, promotions, loyalty cards, payments, etc.), whereas Microsoft Dynamics 365 Business Central manages all Back Office transactions eventually by using a hand-held device with IM Warehouse
