

CALLING MADE SIMPLE WITH MICROSOFT TEAMS

Most organizations today already have one foot in the modern workplace. Offering a flexible way of working to employees is hereby key and work is no longer tied to a location. And while we can all work from anywhere, the need for communication has become all the greater.

One form of communication is still simply calling. Since Microsoft Teams already fits perfectly into the modern Workplace and has all the communications capabilities it just makes calling simple. Extend this with omni-channel solutions and tailor it to your needs to bring calling to the next level.

CALLING MADE SIMPLE ASSESSMENT in 2,5 days
