Power Apps Development: 1-month Implementation

 Price – 15,000* USD  Duration – 1 month

Infopulse, as a Microsoft Azure Expert Managed Service Provider, can help your business create a custom mobile application for your on-premises system with the Microsoft Power Apps platform. Automate processes and reduce paperwork burden with ease!

What makes Infopulse different is that we use the most applicable and advantageous implementation scenarios that match your business objectives. Enhanced agility, automated administration, lower costs, less complexity, and higher availability – you get all this when our experts manage the implementation of Power Apps development projects.

This offer is the perfect choice for those looking to build a mobile business application for a current ERP system or any other on-premises system. An Infopulse team composed of a consultant, a developer, and an engineer will design and build a canvas application with online and offline support. Then, the application will be connected to the on-premises database through Azure Integration Services.

A POWER APPS APPLICATION HELPS TO:

- Automate processes, manage data in your current ERP system, visualize and analyze information
- Solve specific narrow tasks without having to purchase an expensive ERP system
- Manage ERP system data without a cumbersome interface
- Create better interaction practices with the system

KEY BENEFITS:

- Faster and reliable deployment
- Suitable for citizen developers
- Easy connectors for custom solutions
- Microsoft 365 integration
- Low cost and high ROI

DELIVERABLES

- A profound analysis of customer requirements on both business and system levels
- A custom design in accordance with Microsoft Power Apps best practices
- A ready-to-use mobile application - built and deployed in one month
- Safe and secure system connection via Microsoft Azure Integration Services
- A complete application lifecycle management ecosystem for Power Apps development based on Azure DevOps

* The price of Azure infrastructure + \$10 per user monthly license fees are not included in the offer price
