

PRODEVIX DATA SOLUTIONS

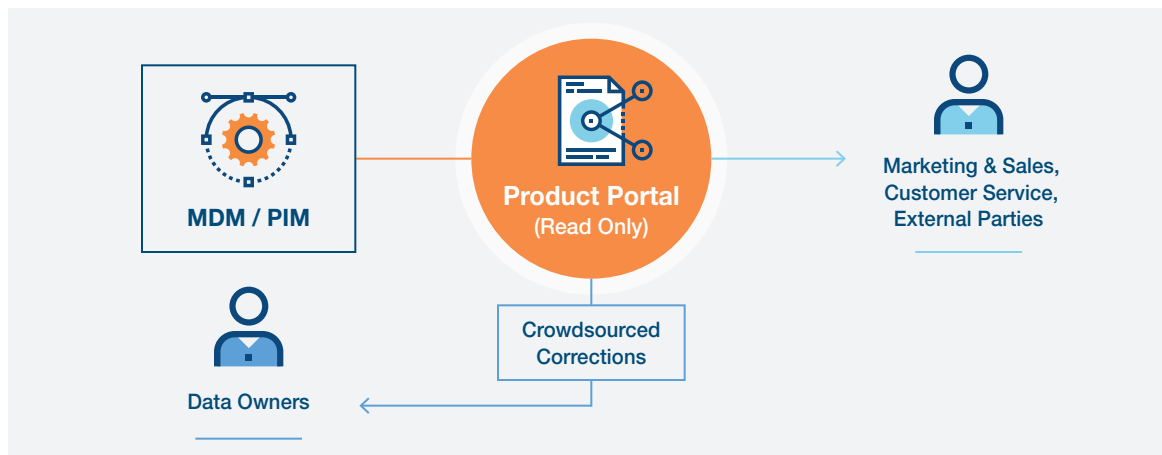

Product Portal

Business Problem

- Do hundreds, even thousands, of M&S customer service, or even external parties, need access to your MDM / PIM data, except it's too costly?
- Would “more eyes” on your product data increase data integrity and quality?
- Are you considering building your own product portal to access MDM / PIM data?

Solution

A read-only, cost effective product catalog with end user feedback mechanisms that imports product data from a PIM/DAM, along with basic filtering features for viewing and downloading/printing PDFs. End users can also send feedback to your data owners for you to maintain data integrity and quality.

Features

- Integrated with PIM
- Easy to use, no training required
- Reduced performance hits on PIM/DAM
- “Google-like” search, filtering, sort and side-by-side comparisons
- Download to PDF or export to CSV
- Corporate branding – your logo, styles and colors

Benefits

- Global access of PIM data to improve product knowledge across sales, customer support or any stakeholders
- “Crowdsource corrections” from hundreds of end users to improve data quality
- Requires no training
- Plug ’n play with your PIM
- Leverage all stakeholders to improve to data quality with real-time feedback to PIM team
