Let's Care as One to Fight the COVID-19 Pandemic Together

Healthcare systems, the private sector and government agencies are working tirelessly to fight the COVID-19 pandemic. At Innovaccer, we understand this battle is not easy and we fully support our healthcare workers by helping them "care as one" to end this pandemic. We were founded to help tackle big healthcare challenges of accessibility and affordability using technology.

Innovaccer's COVID-19 Management System

Innovaccer's COVID-19 Care Management System for health systems, governments and health organizations provides immediate assistance to fight the pandemic by using remote assessments, monitoring, education, outreach, and treatment based on Centers for Disease Control and Prevention guidelines.

Organizations Fighting COVID-19 With US

We're working with our customers and partners to develop customized offerings to meet their needs and stand ready to help our communities in any way we can

About Innovaccer

Innovaccer is a leading San Francisco-based healthcare technology company committed to making a powerful and enduring difference in the way care is delivered. The company leverages artificial intelligence and analytics to automate routine workflows and reduce manual overhead to facilitate more patient-centered care. Its KLAS-recognized products have been deployed all over the U.S. across more than 1,000 locations, enabling more than 25,000 providers to transform care delivery and work collaboratively. Innovaccer's Data Activation Platform has been successfully implemented in healthcare institutions, government organizations, and corporate enterprises including Catholic Health Initiatives, MercyOne, Orlando Health, Hartford Healthcare, and Stratifi Health. By using the connected care framework, Innovaccer has unified 3.8 million patient records and generated more than $400M in savings.
