

INOVATEC LMS

Break down silos with an integrated, real-time view of your portfolio, and stay on top of your accounts by automatically assigning cases to configurable queues based on your strategy.

Wide Range Of Use Cases

Payment and tracking, portfolio management, collections, and communication.

Single, Cloud-Based System

Covering all loan servicing needs, from accounting to collections to customer service and payments.

Real-time portfolio reporting

Up-to-date view of every account at every stage.

Automated Workflow Engine

Automatically assign cases to the right queues.

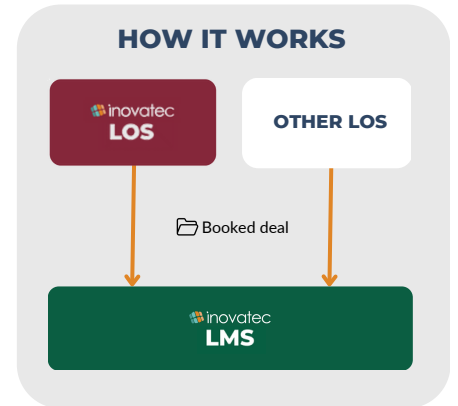

Customizable Queues

Define your strategy for customer service, collections, and accounting based on your own triggers and thresholds.

Advanced Performance Analytics

Create custom reports and dashboards with Google Looker, and schedule when reports are run.

WHY INOVATEC LMS LEADS THE INDUSTRY

With a cloud-based architecture tuned for performance, and powerful automation and configurability, Inovatec LMS leads the way in loan servicing.

- ✓ **USER CONFIGURABILITY**
Easily configure fields, workflows, and queues.
- ✓ **BORN IN THE CLOUD**
Seamless deployment, free upgrades, and no need for on-premises maintenance.
- ✓ **STANDARD REPORTING**
Work seamlessly with accounting systems from QuickBooks to SAP.
- ✓ **SCALABLE, SINGLE-TENANT PLATFORM**
Real-time reporting and consistently high performance that scales up dynamically with your needs.
- ✓ **WIDE RANGE OF LOAN & LEASE TYPES**
Support for secured and unsecured loans, multi-asset loans, student loans, balloon loans, retail leases, and more.
- ✓ **INTEGRATIONS VIA OPEN APIS**
Lien/title management, ACH payments, alternative payments, SMS messaging, and more.
