

LEDGER ALLOCATION FUNCTIONALITY

Your go-to app for simplifying and mastering ledger allocation with smart, efficient, and pro-level solutions.

TAKE YOUR BUSINESS TO THE NEXT LEVEL

A comprehensive app that streamlines ledger allocation by offering smart auto-picking, simplified rule creation, and seamless management of multiple GL accounts for effortless financial balancing.

Automated Main Account Selection

This app automates main account selection in destination rules, ensuring accurate debit effects without manual input. Simplify allocation processes as the app effortlessly auto-picks main accounts, enhancing accuracy and efficiency.

Simplified Rule Creation

Streamlining rule creation, this app eliminates the need to select a main account in destination rules, reducing complexity and saving time and effort in managing scenarios with multiple source main accounts.

Efficient GL Account Balancing

Efficiently reallocating expenses across multiple GL accounts, this solution provides a centralized approach to financial balancing. Achieve financial harmony with simplified expense allocation, ensuring accuracy and reducing the need for multiple processes.

About Us

Intech Systems, one of the top partners for business applications, specializes in solutions that empower businesses to streamline their operations and achieve remarkable efficiency. With our expertise and dedication, we have brought together a comprehensive suite of capabilities into this app for Dynamics 365 F&O.

Why Choose Us

- ✓ Benefit from our industry experience and proven track record in delivering reliable solutions.
- ✓ Experience smooth integration with your existing systems for a seamless transition.
- ✓ Receive exceptional customer service and ongoing support from our team, ensuring your success.
