

Microsoft Teams as central communication system

ABOUT INTELLECOM GMBH:

Our strength is implementing innovative technologies in business models. We successfully develop and deploy concepts for the digitization of your company to reduce costs and increase efficiency.

How our customers benefit

Our customer from now on uses a central and simple structured communication platform.

WHAT WE OFFER

Teams is a solution that facilitates communication in the company. Be it remote work, home office or a company with multiple locations. Teams helps to improve meetings and collaboration with ease of use. We implement Teams together with you and make sure you can use the benefits optimally. With our solution, you can now build on a central telephony, which is also DSGVO conform.

Why Microsoft Teams?

Worldwide usage

The solution can be used on different terminals such as smartphone, tablet, laptop or surface hub. Network at any time with your colleagues from all over the world. Make a call and add a different colleague to the conversation.

Mobile work

Whether in the office, in the home office or on the road - Microsoft teams can be used independently.

Custom specific

Telephony with teams can be customized to guarantee the optimal use. The central administration can easily add users and phone numbers.

Work concentrated

Keep control of your effectiveness. With Microsoft Teams, you can redirect calls to call your status to "Do not disturb".

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.
