# Reduce Risk with M365 Integrated Tools

## Identify. Protect. Detect. Respond. Recover.

Organizational culture is consistently outpaced by changes in technology, threats, and vulnerabilities. Well defined processes, supported by skilled personnel using integrated and efficient tools is what differentiates protected and resilient organizations from those that are heavily impacted and damaged due to attacks.

Intellinet's Security and Compliance Solution builds the capacity of your organization and enables it to effectively identify risk, protect assets, detect vulnerabilities and threats, respond to incidents, and recover in a manner that minimizes business impact.

Our team enables your organization to make the most out of your investment in Microsoft 365 - a complete, intelligent solution that empowers everyone to be creative and work together, securely – mitigating risk as well as containing and reducing costs.
