

## Microsoft 365 Health Check & Tenant Assessment

### Summary

Our Microsoft 365 tenant review will help strengthen the security of your tenant against cyber threats, promote secure collaboration within and outside the company and provide opportunities for governance control.

### What's included

#### Microsoft 365 Tenant Assessment

A comprehensive evaluation of your current usage and configuration of the Microsoft 365 applications and services, aimed at identifying areas of improvement, optimisation, and cost savings. Our assessment can help you maximise your investment in Microsoft 365 by ensuring that your environment is properly configured, secured, and aligned with their business objectives.

#### Tenancy detail

- Domain configuration
- Data location
- Release management
- Business continuity

#### Licensing

- Licence subscriptions & entitlement allocations
- Trials & self-service sign-up

#### Teams, SharePoint & OneDrive

- Current usage and utilisation
- Sprawl
- Provisioning and lifecycle

#### Identity & Access Management

- Privileged accounts
- RBAC models
- Guests and external access
- App consent
- Password policies and authentication methods

#### Security & Risk Assessment

Identify vulnerabilities, misconfigurations, and potential threats that could compromise the security of your data and systems. By performing a security and risk assessment, you can develop a comprehensive security strategy that includes best practices for securing user identities, protecting data, and preventing cyber-attacks. This assessment can also help you ensure compliance with industry regulations and standards and maintain the confidentiality, integrity, and availability of your data.

#### Endpoints

- Azure AD joined & registered devices
- Device access rules
- App protection policies
- Autopilot deployment

#### Data & Threat Protection

- Retention classification
- Sensitivity classification
- Risk of data loss
- Risk of malware
- Risk of phishing attacks

### Why Intelogy?

We work with organisations who recognise the potential for technology to transform their businesses, and help them visualise, define and realise solutions that change how they work for the better. Offering comprehensive delivery services, from strategic consultancy, software design and construction, to ongoing client services, Intelogy are at the forefront of extending Office 365, SharePoint and Azure into streamlined business tools.

Office 365

SharePoint

Founded in 1994, Intelogy has grown to become the trusted digital partner for multiple clients. As a Microsoft Gold Partner since 2000, we pride ourselves on consistently delivering exceptional solutions that improve workplace productivity. Our user-first approach places emphasis on identifying and addressing staff and customer needs – resulting in intuitive applications that drive team efficiency.
