

# EPC – ERP Implementati on Consulting Services

Sekhar Ramarao

---

Day - 1 - As Is Workshop - Our experienced consultants will conduct a full day workshop with various departments to understand and document the AS IS process

Day 2 - Identification of process GAP - based on the study, the process gaps / improvements would be highlighted and documented

Day 3 - How to phase out the project? Areas of impact in the organization will be showcased and documented

Day 4 - Technology show case - Demonstrate how Dynamics 365 Finance & Operations solution can bring in the productivity, visibility across the organization

Day 5 - Technology Show case - Show case advanced solutions like IOT, BOTs etc and conclude the way forward

We would also document the whole workshop and hand over them to customer
