

Azure DevOps Workshop

Our [Azure DevOps Workshop](#) sets your organization up for success in cloud deployments, development and operations.

Our Process

A proven formula.

Step 1: Azure DevOps Setup & Kickoff

Step 2: Azure DevOps Workshop

Step 3: Azure DevOps Hands on Labs

Step 4: Apply your ADO Knowledge to Automate

Your Deliverables

Driving Digital Performance.

- ✦ **Secure setup of your own Azure DevOps**
Learn how to setup your Azure DevOps tenant, and cover all the security related items that you need to be aware of. You'll setup projects and invite stakeholders to work with you on your goals.
- ✦ **Azure DevOps Workshop**
We provide an introduction to DevOps, Wiki, Backlog and other features. Advanced features such as CI/CD and pipelines will also be covered to enable you to get the most from ADO.
- ✦ **Hands on Azure DevOps Lab**
A hands-on lab will be provided so that your users can run real-world scenarios and see ADO in action. Users will be able to deploy code or Infrastructure-as-Code.
- ✦ **Automate with CI/CD and IaC**
This workshop will give your team the foundation to automate for consistency and increase deployment velocity.

Why Invero?

We're an Award-winning Microsoft Gold Partner

We are a "Born in the Cloud" company that helps clients drive digital innovation

We will help accelerate your cloud journey and realize new possibilities
