

# Cloud Strategy & Roadmap

# Strategize & Plan your Azure Cloud Journey with Invero.

Our **Cloud Strategy & Roadmap solution** sets your organization up for success in the Cloud.

The solution combines on-site workshops with advanced data analysis to assist in building the business motivations, value, strategy and roadmap for moving systems and applications to the Microsoft Azure cloud.

# Solution Deliverables

## Driving Digital Performance.

The Cloud Strategy & Roadmap solution results in a comprehensive report that includes:

### ✦ Strategic Analysis & Cost Estimates

Detailed analysis of your current Digital Estate and future Azure environment based on Microsoft's assessment data

### ✦ Business Justification Development

Business motivations, value, and outcomes based on Microsoft assessment data and workshops

### ✦ Skills & Support Assessment

High-level gap analysis of your organization's Cloud skills and support readiness

### ✦ Insights

Cloud Strategy, Governance & Best Practice recommendations

### ✦ Prioritized Cloud Roadmap

Prioritization of Workload, Data and Application migrations to the Azure Cloud

# Our Process

A proven formula.

## Step 1: Kickoff

Our Azure Consultants and Microsoft Specialists outline the engagement goals, timeline and roles and responsibilities

## Step 2: Digital Estate Review

We work with Microsoft to analyze and rationalize the data already captured on your digital estate

## Step 3: Workshops & Interviews

Stakeholder Interviews and a collaborative workshop, to define business motivations, use cases, value, and the “Art of the Possible”

## Step 4: Analysis

Our Azure Consultants take the knowledge gained through the workshops and the workload telemetry to document the findings

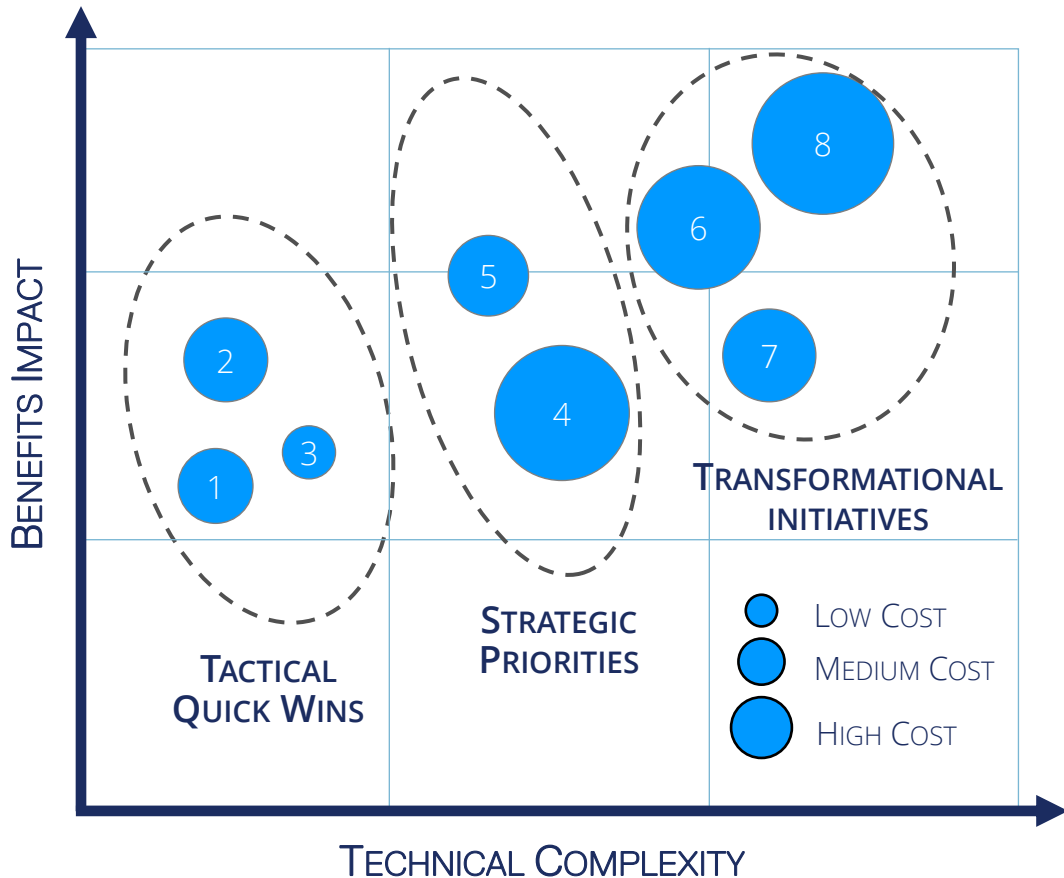

## Step 5: Report Presentation

We present and provide a customized report that details your specific Cloud Strategy & Roadmap for a successful and accelerated Azure Cloud adoption

# Report Samples

## Initiative Prioritization.

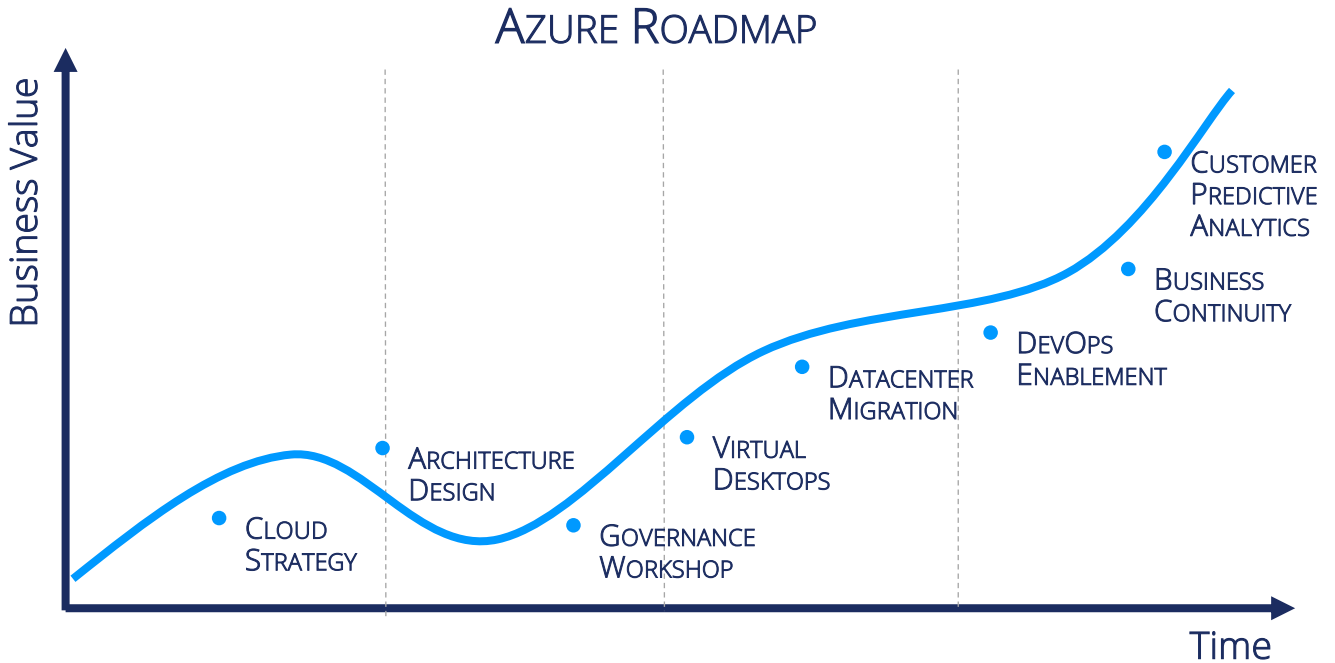

## INITIATIVES

1. Cloud Strategic Plan
2. Azure Architecture & Governance Design
3. Azure Training
4. Datacenter Migration Project
5. Windows Virtual Desktops in Azure
6. Business Continuity Project
7. Azure DevOps Enablement Project
8. Customer Predictive Analytics

# Report Samples

## Projected Costs & Roadmap.

### AZURE COST ESTIMATES

Azure Service	Monthly PAYG	Annual PAYG	Annual 1Yr Reserved Instance	Annual 3Yr Reserved Instance
Compute - Windows	\$19,244	\$230,928	\$159,340	\$122,392
Compute - Linux	\$2,378	\$28,536	\$19,690	\$15,124
Storage	\$7,145	\$85,740	\$81,453	\$81,453
<b>Total</b>	<b>\$28,767</b>	<b>\$345,204</b>	<b>\$260,483</b>	<b>\$218,969</b>

# Workshop & Meetings

## Agenda and Time Commitment.

### AGENDA

1. High Level Environment Overview
2. Current pain points
3. Database Overview
4. DevOps and Operational Framework
5. Security
6. Cloud Migration Visioning
7. Skills Assessment

### CUSTOMER TIME COMMITMENT

- Kick-off meeting (up to 1 hour)
- Initial Workshop (3-4 hours)
- Optional Individual Interviews (up to 1 hour per person)
- Final Presentation (1-2 hours)

### CUSTOMER RESOURCES

- Enterprise Architecture
- Infrastructure
- Operations/DevOps
- Security
- Key Business Applications SMEs
- Database Admins

# About Invero

We are a Digital Innovation Company.

## **Our mission:**

We help forward-thinking companies transform and build for what's possible.

## **Our experience:**

Since 2010 we've developed deep expertise in Azure Migration & Optimization, Big Data, DevOps, Digital Workspaces, AI & ML, IoT, and Managed Cloud Services.

## **Our results:**

We are an award-winning Microsoft Gold Partner, with a track record of helping clients rapidly achieve the benefits of cloud solutions.

Gold  
Microsoft  
Partner

Proud to have been
