

# Superhuman Agentic AI For Sales

3X Your Pipeline Without The Grunt Work

✗ The Problem

Sales teams spend 70% of their time on grunt work

Manual lead sourcing. Dirty data. Tool overload. CRM admin. It's slowing your revenue team down.

✓ The Solution

Jeeva Automates Them

From lead discovery to enrichment to hyper-personalized outreach, Jeeva handles it all, so your reps can focus on closing, not chasing.

## What Jeeva Automates

|                                |   |
|--------------------------------|---|
| 1. Lead Discovery              | Finds ideal accounts across 50+ sources — filtered by fit, intent & signals.    |
| 2. Contact Enrichment          | Adds verified emails, phones, roles, funding, hiring, tech install, and more.   |
| 3. Personalization at Scale    | Crafts 1:1 emails, DMs & voicemails customized to pain, triggers, and industry. |
| 4. Smart Multichannel Outreach | Runs optimized sequences across email, LinkedIn, SMS, and voice.                |

What You Get

## Results That Compound

- 

3X more pipeline, 80% less grunt work
- 

Accurate forecasts, cleaner data
- 

Faster rep ramp, from Day 1
- 

Effortless execution, even with lean teams

## Why Jeeva Wins

| Parameter       | Traditional Stack | Jeeva AI                  |
|-----------------|-------------------|---------------------------|
| Lead Sourcing   | Manual            | Automated via 50+ signals |
| Personalization | Manual & generic  | Human-grade & specific    |
| Tool Overload   | Fragmented        | Unified                   |
| CRM Logging     | Often skipped     | Auto-synced               |
