TATA MOTORS

SAINT-GOBAIN

Our Customers see an ROI Within 3 Months

Here's what our customers told us within a year of using SafetyConnect.

↘ **80%**

Reduction in Major Accidents

↗ **30%**

Increase in Field Force Productivity

Empowering Safety Teams with Actionable Insights

⚠ Insights into high risk and low risk employees, regions and driving behaviours.

🏅 Coach employees through: Improvement Suggestions, Knowledge Centre and Gamified Leaderboards.

📱 SafetyConnect App leverages the smart phone's sensors to analyse risky driving behaviours.

Improvement Suggestions and Gamified Leaderboards helps make employees safer.

Jobs are made safer though safety checklists, incident reporting and SOS .

Other Solutions

Forklift Safety Solution

This solution analyzes driving behaviour of forklift operators to curb workplace accidents and enhances forklift operations to ensure in-plant safety.

CAPA Action Tracking System

Action Tracking System works towards building a sustainable safety culture in a workplace through effective management of corrective and preventive actions.
