# DATA STRATEGY - ASSESSMENT

- ✓ NOT SUCH A SEVERE STORM OR A DIVERSE ENVIRONMENT THAT WE DON'T KNOW OR DARE TO TAKE ON
- ✓ WE ARE EXPERIENCED, VISIBLE AND BOLD - WE LISTEN TO OUR CUSTOMERS WITH A SENSITIVE EAR TO UNDERSTAND THEIR NEEDS AND PROBLEMS AND ACTIVELY SEEK FRESH SOLUTIONS TOGETHER.
- ✓ SOLID MICROSOFT AZURE AND CLOUD DATA PLATFORM EXPERIENCE
- ✓ READY-MADE METHODOLOGIES, MATERIAL TEMPLATES AND TOOLS ENABLE STRAIGHT AND COST-EFFECTIVE ASSIGNMENTS
- ✓ THE RESULT IS CLEAR AND CONCRETE PROPOSALS FOR ACTION FOR THE CUSTOMER'S NEEDS
- ✓ 100% SATISFACTION GUARANTEE AND THE ASSESSMENT WILL BE INVOICED ONLY AFTER THE APPROVED DELIVERY

## DATA STRATEGY / DEVELOPMENT PLAN

### **Description:**

Work includes Data and Analytics Assessments and the goal is to create comprehensive data strategy (or development plan) for the customer organization. The assessment includes an analysis of the current state, a concrete description of the target state, a plan for reaching it, relevant technology component scenarios within Microsoft Azure, architectural descriptions and a realistic roadmap / design. Work includes point of view for technologies, data, governance models, processes, ways of working and organization.

Work is executed by using workshops/interviews, document/solution reviews and end deliverable is a document which is presented to customer stakeholders.

### **Benefits/deliverable:**

A clear, comprehensive and concrete plan as a basis for development work or as a plan as such.

### **Duration:**

Depends on the scope of the assignment and the size of the client organization. Typically 3-6 calendar weeks.
