Its enterprise-grade device and app management ensures your business data is always safe and secure. And Microsoft 365 E3 can prepare your business for a whole new way of working that's flexible, efficient, and safe.

With Microsoft 365 E3, you can work in a whole new way that's flexible, efficient, and secure. Whether you're working from the office, home, or on the go, Microsoft 365 E3 provides you with the tools you need to succeed.

Get AI-ready with Microsoft 365

Are you ready to transform how you work? Microsoft 365 Copilot* is coming, and it can help you unleash creativity, unlock productivity, and uplevel skills. You'll gain efficiencies by automating common tasks like scheduling meetings, taking notes, and more. Get AI-ready with Microsoft 365 E3.

Build a Zero-Trust foundation

- **Keep your data safe from unauthorized access** when passwords are lost or stolen with multi-factor authentication.
- **Defend against advanced cyberthreats and safeguard business data** with enterprise-grade protection against phishing, ransomware, and data loss.

Simplify endpoint management

- **Empower flexible work styles** and **enable secure access** for employees on any device, while you **maintain central management** and security of your users' desktops.
- **Control which devices and users can access your work data** with options to block users from logging in from home computers, un-approved apps, or outside of work hours.

Unleash intelligent productivity

- Save money and do more by **consolidating vendors** and hybrid work apps into one platform.
- **Get AI-ready** and build your foundation for the next generation of AI with Microsoft 365 E3. Available in the coming months, Microsoft 365 Copilot will unleash creativity, unlock productivity, and uplevel skills.

Supercharge productivity without compromising on security

Grow your business with the power of the cloud

- Create, connect, and get more done from anywhere.
- Use the power of a single platform to do more and get ready for a new way to work with AI.
- Get peace of mind with enterprise-grade protection.

Work smarter, so you can focus on what matters most

- Save money when you consolidate hybrid work apps.
- Ignite creativity, boost productivity, improve skills.
- Support hybrid work for your whole team, no matter where they work.

Chose the right productivity tool for your business

- Ideal for businesses with 300+ employees at \$36 per user/month**.
- Upgrading to Microsoft 365 E3 gives you an integrated solution that can create a savings on licensing costs.

"With Microsoft 365, we're offering employees a great suite of tools and enabling more freedom and flexibility in terms of how and where they work."

– Zephania Hardy, Senior Vice President of Employee Technology Experience, U.S. Bank

Stay ahead of cyber threats like malware, phishing, ransomware, and advanced persistent threats

Empower employees to securely use the devices they prefer including iOS, Android, Windows, and Mac

Boost productivity and collaboration all while minimizing operations cost and complexity
