Auxilion to bring a better Employee Experience Platform through Microsoft Viva Integration

Auxilion is here to help customers to improve Exp by bringing productivity, connectivity, Learning and Well-being of your employees into a single platform through Microsoft Viva

Why Auxilion?

When it comes to your SharePoint Intranet its Auxilion's advice that now is the time to invest in Viva planning, strategy, governance, and adoption. If you're going to investing in your intranet today, you should be looking to see how to fully leverage the benefits that Viva offers and set up your SharePoint environment for success. Now is the time to set yourself up for success by following Microsoft's best practices. SharePoint is not going anywhere - Teams is powered by it! your intranet will be powered by SharePoint, while users will be consuming this content in Teams. Enable Teams Employee Experience Platform to surface your content by working within Microsoft's technology and best practices to have your documents live in the Teams environment .

Get started today with **Viva Connections, Viva Insights, Viva Learning and Viva Topics**

Viva for Team connects all the powerful tools like SharePoint, the Power Platform, Forms, Power Bi, Dynamics, and more into a single pane view via Microsoft Teams. This means we are beginning to see the promise of a truly holistic digital workspace come to fruition, but it's all still powered by backend systems like SharePoint, Dynamics, Forms, Polls, etc.
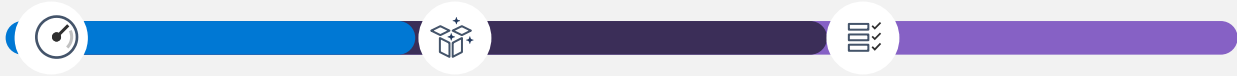

Auxilion will ensure your organization is positioned to see the promise of a truly holistic digital workspace come to fruition, still powered by backend systems like SharePoint, Dynamics, Forms, Polls, but using Viva and Teams to provide the best possible user experience.

Intranet Health check   **SharePoint Modernization**   **Viva Rollout**

Microsoft Viva is the new "employee experience platform" for Microsoft Teams. It currently has four applications -- Viva Connections, Viva Insights, Viva Learning and Viva Topics.

- Company wide news and information made easily available and accessible from within Teams, the single most widely used platform

- Reduce the effort required to retrieve knowledge available within an organization through Viva Topics which provides curated information based on contents stored in SharePoint and other platforms

- Increase employee retention by providing added focus on employee well being through the adoption of Viva Insights

- On the Job Learning Made easy by making aggregated learning contents from not only from LMS/LXP but also from Microsoft and third party providers made available through apps that are used through out the day

Intranet health check can normally take a day to complete, which includes a review of your current Employee Experience Platform and understand how Viva can make it a truly holistic platform

Health checks are carried out at our normal professional services rate.
