

Jamf Support

Committed to your success.

At Jamf, we offer a consistent, industry-leading support model that puts you first. We provide unique, personalized interactions from Jamf experts who understand your needs and environment. Our support staff are all Jamf employees, located around the globe. We ensure users receive a consistent and human experience with their technology, always. We give you the best support possible, because you deserve it. Let us help you thrive with Jamf.

Ensuring your success with Apple

Jamf offers two models to match all needs and budgets – our way to meet you where you need to be with the best support possible.

Putting you first

We are committed to you. We work to the best of our ability to help solve any problem you may encounter in a timely, convenient manner. We approach your issues with the mindset of a co-worker, rather than a vendor. And we use all of our resources to find the right solution for your organization. We are Jamf Support, and we're here to help.

STANDARD SUPPORT

When you join our customer community, you have access to our team of experts. We are well versed in Jamf and Apple technology, and we are committed to helping you succeed. We won't stop until you're happy.

PREMIUM SUPPORT

The dynamic, business challenges you face can require a depth of strategic and technical expertise beyond standard support. Jamf's Premium Support assists with customized initiatives, provides essential emergency response support and provides dedicated a Customer Success Manager to your success - always.

Standard Support

- Unlimited support via chat, email or phone during business hours
- Easy access to support cases through your [Jamf Account](#)

Best for

- Organizations that have needs geared for out of box Jamf features, functionality, and maintenance
- Organizations that prefer to interact with support through chat or the Support Portal
- Organizations that conduct their work primarily during business hours or within one time zone
- Organizations where Apple management is not the department's only responsibility
- Organizations where a team of 1 – 2 people are responsible for Apple management
- Organizations with a single or regional deployment

Pricing

Included in your Jamf purchase

Premium Support

- Direct access to your Customer Success Manager
- Priority on escalated issues
- Access to priority issue reports

Best for

- Organizations with a complex environment that requires in-depth knowledge of architecture
- Organizations that value after-hours support and/or have a multi-time zone deployment
- Organizations that value in-depth planning with Customer Success Managers to identify management strategies and successful deployments
- Organizations with a team of three or more people responsible for Apple management
- Organizations that have an enterprise support agreement with other vendors

Pricing

Available in three tiers
