

# Windows 365 Cloud PC – A new solution for today's Hybrid Workplace

Access your data anywhere, anytime from any device with Windows 365. Softline is providing you with three different offerings for your organization to kick start Windows 365.

## Why Softline

As a Microsoft gold partner, with different skillsets and expertise with Microsoft Technologies, Softline will deliver a complimentary workshop and at the same time a proof of concept where we will demonstrate how is a realization of Windows 365 applies to your organization with feasibility measurement, and considerations to make it perfect and practical to appeal to your IT infrastructure.

## Approach & Deliverables

- A 1-1 complimentary workshop that enables you to find new Microsoft products and services throughout the journey lifecycle with Softline
- Get started with your Windows 365 through the 1-month trial package. **Limited time Offer.**
- Softline Offers you a Proof of Concept where will demonstrate how is a realization of Windows 365 applies to your organization with feasibility measurement, and considerations to make it perfect and practical to appeal to your IT infrastructure.
